7. (a) Give dimensions at each point of canal where materially changed in size, stating miles from headgate. At headgate: width on top (at water line) feet; width on bottom

..... feet; depth of water feet; grade feet fall per one thousand feet.

(b) At miles from headgate: width on top (at water line) feet; width on bottom feet; depth of water feet; grade feet fall per one thousand feet.

(c) Length of pipe, ft.; size at intake, in.; size at ft. from intake in.; size at place of use in.; difference in elevation between intake and place of use, ft. Is grade uniform? Estimated capacity, sec. ft.

8. Location of area to be irrigated, or place of use

Township North or South	Range E. or W. of Willamette Meridian	Section	Forty-acre Tract	Number Acres To Be Irrigated
215	12W	26	SW 1/4 NE 1/4	riding club

(If more space required, attach separate sheet)

(a) Character of soil

(b) Kind of crops raised

Power or Mining Purposes—

9. (a) Total amount of power to be developed theoretical horsepower.

(b) Quantity of water to be used for power sec. ft.

(c) Total fall to be utilized feet.
(Head)

(d) The nature of the works by means of which the power is to be developed

(e) Such works to be located in of Sec.
(Legal subdivision)

Tp., R., W. M.
(No. N. or S.) (No. E. or W.)

(f) Is water to be returned to any stream?
(Yes or No)

(g) If so, name stream and locate point of return

....., Sec., Tp., R., W. M.
(No. N. or S.) (No. E. or W.)

(h) The use to which power is to be applied is

(i) The nature of the mines to be served

10. (a) To supply the city of

..... County, having a present population of
(Name of)

and an estimated population of in 19.....

(b) If for domestic use state number of families to be supplied one.....

(Answer questions 11, 12, 13, and 14 in all cases)

11. Estimated cost of proposed works, \$ Already in place

12. Construction work will begin on or before Already in

13. Construction work will be completed on or before Already in

14. The water will be completely applied to the proposed use on or before Already in

Barbara Adams

(Signature of applicant)

President, Reedport

Rough Riders.

Remarks: When we leased this

property we had (the water) system
built, we thought that we had
the right to this spring.~~Mr. England made up the majority of
the water by drawing all rights
to the spring. We know he has
had a permit to use this
spring, we would like to get a
permit for equal rights.~~Since we leased the land from Mr. E. the spring was on
his land. The older members say Mr. gave us rights
but that it was not recorded just written down
somewhere, we can't find our old records so we
would like to apply & have it recorded again
since no one knows there are no water rights
filed on this spring except by Mr. England who doesn't
live in the boat house anymore.
STATE OF OREGON, } ss.

County of Marion,

This is to certify that I have examined the foregoing application, together with the accompanying
maps and data, and return the same for correction and completion.In order to retain its priority, this application must be returned to the State Engineer, with
corrections on or before March 14, 1977.

WITNESS my hand this 13th day of January, 1977.

RECEIVED

JAN 13 1977

WATER RESOURCES DEPARTMENT
SALEM, OREGON

PERMIT

STATE OF OREGON,

County of Marion,

ss.

41377

This is to certify that I have examined the foregoing application and do hereby grant the same,
SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use
and shall not exceed 0.005 cubic feet per second measured at the point of diversion from the
stream, or its equivalent in case of rotation with other water users, from a spring

The use to which this water is to be applied is general use at a riding club

If for irrigation, this appropriation shall be limited to of one cubic foot per
second or its equivalent for each acre irrigated

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is December 20, 1976

Actual construction work shall begin on or before April 4, 1978 and shall
thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1978

Complete application of the water to the proposed use shall be made on or before October 1, 1979

WITNESS my hand this 4th day of April , 1977.
