(c) If water is to be pumped give general description Centrifugal pump, 3 phase, electric motor, 60-90 HP (Size and type of pump)
(Size and type of engine or motor to be used, total head water is to be lifted, etc.)

*A different form of application is provided where storage works are contemplated.
**Application for permits to appropriate water for the generation of electricity, with the exception of municipalities, must be made to the Hydroelectric Commission. Either of the above forms may be secured, without cost, together with instructions by addressing the State Engineer, Salem, Oregon.

10. (a) To supply the city of

(Name of)

County, having a present population of

and an estimated population of in 19.....

(b) If for domestic use state number of families to be supplied

(Answer questions 11, 12, 13, and 14 in all cases)

11. Estimated cost of proposed works, \$ 16,000.....

12. Construction work will begin on or before spring 1971.....

13. Construction work will be completed on or before summer 1971.....

14. The water will be completely applied to the proposed use on or before summer 1972.....

George Horning
(Signature of applicant)

Remarks: GR 2730 claims irrigation rights by well to 28 acres in the NE 1/4 NW 1/4 of Section 2. I request our claim to this 28 acres, as part of the claim in GR 2730, to be cancelled in favor of this application for permit.

At summer water levels the lower part of Long Tom River receives part of its water from the Willamette River through reverse flow in the by-pass channel.

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for completion.....

In order to retain its priority, this application must be returned to the State Engineer, with corrections on or before August 4th, 1971, or December 11, 72.

WITNESS my hand this 4th day of June, 1971, or 11th day of October, 72.

PERMIT

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 2.05 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from Long Tom River

The use to which this water is to be applied is irrigation

If for irrigation, this appropriation shall be limited to 1/80th of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 2 1/2 acre feet per acre for each acre irrigated during the irrigation season of each year,

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is January 2, 1973

Actual construction work shall begin on or before September 12, 1978 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1979.

Complete application of the water to the proposed use shall be made on or before October 1, 1980.

WITNESS my hand this 12th day of September, 1977.

James E. Selman
Water Resources Director
