This instrument was first received in the office of the Water Resources Director at Salem, Oregon, on the 27 day of April, 1977, at 8 o'clock P.M.

Application No. 55766

Permit No. 41758

Permit to appropriate the Public Waters of the State of Oregon

This is to certify that I have examined the foregoing application and do hereby grant the same SUBJECT TO EXISTING RIGHTS INCLUDING THE EXISTING FLOW POLICIES ESTABLISHED BY THE WATER POLICY REVIEW BOARD and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.515 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from Woods Creek and spring with any deficiency in the available supply from the spring for domestic use to be made up by diversion from Woods Creek providing the total quantity from both sources for domestic use shall not exceed 0.005 c.f.s.

The use to which this water is to be applied is irrigation and domestic use for one family including the irrigation of lawn and garden not to exceed 1/2 acre in area; being 0.51 c.f.s. from Woods Creek for irrigation and 0.005 c.f.s. from spring for domestic use.

If for irrigation, this appropriation shall be limited to 1/50th of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 3 1/2 acre feet per acre for each acre irrigated during the irrigation season of each year,

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is April 27, 1977

Actual construction work shall begin on or before September 28, 1978 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1979

Complete application of the water to the proposed use shall be made on or before October 1, 1980

WITNESS my hand this 28th day of September, 1977

James E. Larson
Water Resources Director
