Remarks: This system has been in use since the ~~late 1940's~~ in early 1950's. *DB.

This residence has been used only for vacation purposes. Until about three weeks ago I ~~was~~ was completely unaware that a permit to use water was necessary. Since this residence is used for vacation purposes I am not there all the time. Therefore, I can usually be reached at the Grants Pass address shown at the beginning of this application.

*Until 1963 water was pumped into the residence manually. With the coming of electricity, in 1963 the electric pump was installed. The information concerning the system used in completing this application was drawn from memory. Therefore, when the system is examined there may be some degree of variation in distances and measurements. I am over 100 miles from the system and it is now probably inaccessible because of snow.
