

*Permit No. 4256

APPLICATION FOR A PERMIT

To appropriate the Public Waters of the State of Oregon

I, Etta M Brown (Name of Applicant)

of Applegate, County of Jackson

State of Oregon, do hereby make application for a permit to appropriate the

following described public waters of the State of Oregon subject to existing rights:

If the applicant is a corporation, give date and place of incorporation

Not incorporated

1. The source of the proposed appropriation is Natural flow and seepage, waste and drainage waters from irrigated lands above, flowing in Thompson Creek above head of applicant's ditch, tributary of Applegate River

2. The amount of water which the applicant intends to apply to beneficial use is One (1) and one-half cubic feet per second.

3. The use to which the water is to be applied is Irrigation, being a supplemental supply for lands already having a partial water right (Irrigation, power, mining, manufacturing, domestic supplies, etc.)

4. The point of diversion is located about a quarter of a mile above applicant's South line, and about one-eighth mile from Southwest corner of Section 22, Tp 38 S. R. 4 W. W.M., in a northwesterly direction from said section corner.

being within the SW 1/4 SW 1/4 of Sec. 22, Tp. 38 South

R. 4 West, W. M., in the county of Jackson, Oregon

5. The ditch to be about five-eighths

miles in length, terminating in the SE 1/4 NW 1/4 of Sec. 22, Tp. 38 South

R. 4 W W. M., the proposed location being shown throughout on the accompanying map.

6. The name of the ditch, canal or other works is Ditch was constructed many years ago, and has been in use for mining and irrigation by applicant's predecessor many years. Applicant knows of no name for same, but will designate it for future reference the Brown Ditch.

DESCRIPTION OF WORKS

DIVERSION WORKS—

7. (a) Height of dam 2 feet, length on top about 16 feet, length at bottom about 12 feet; material to be used and character of construction Gravel and sand

(Loose rock, concrete, masonry, rock and brush, timber crib, etc., wasteway over or around dam)

(b) Description of headgate (Timber, concrete, etc., number and size of openings)

*A different form of application is provided where storage works are contemplated. These forms can be secured without charge together with instructions, by addressing the State Engineer, Salem, Oregon.

CANAL SYSTEM—

8. (a) Give dimensions at each point of canal where materially changed in size, stating miles from headgate. At headgate: Width on top (at water line) 4 feet; width on bottom 3 feet; depth of water 1 feet; grade 1/4 in. to rod feet fall per one thousand feet.

(b) At miles from headgate. Width on top (at water line) feet; width on bottom feet; depth of water feet; grade feet fall per one thousand feet.

FILL IN THE FOLLOWING INFORMATION WHERE THE WATER IS USED FOR:

IRRIGATION—

9. The land to be irrigated has a total area of Sixty (60) acres, located in each smallest legal subdivision, as follows:

(Give area of land in each smallest legal subdivision which you intend to irrigate)

Thirty (30) acres in SE 1/4 NW 1/4; and

30 acres in NE 1/4 SW 1/4 Sec. 22, Tp. 38 S R 4 W.W.M.

Jackson County, Oregon

(If more space required, attach separate sheet)

POWER, MINING, MANUFACTURING, OR TRANSPORTATION PURPOSES—

10. (a) Total amount of power to be developed theoretical horsepower.

(b) Total fall to be utilized feet. (Head)

(c) The nature of the works by means of which the power is to be developed

(d) Such works to be located in of Sec. (Legal subdivision)

Tp. , R. , W. M. (No. N. or S.) (No. E. or W.)

(e) Is water to be returned to any stream? (Yes or No)

(f) If so, name stream and locate point of return

, Sec. , Tp. , R. , W. M. (No. N. or S.) (No. E. or W.)

(g) The use to which power is to be applied is

(h) The nature of the mines to be served

MUNICIPAL SUPPLY—

11. To supply the city of.....

..... County, having a present population of....., and an
(Name of)

estimated population of..... in 191....

(Answer questions 12, 13, 14, and 15 in all cases)

Ditch already constructed and in use.

12. Estimated cost of proposed works, \$..... Ditch constructed and lands irrigated many

13. Construction work will begin on or before..... years ago, and no new construction is con-
templated.

14. Construction work will be completed on or before..... The 1st of September, 1919

15. The water will be completely applied to the proposed use on or before.....
Sept. 1st, 1919

Duplicate maps of the proposed ditch or other works, prepared in accordance with the rules of the
State Water Board, accompany this application.

(Address of Witness)

Remarks: The waters hereby appropriated include the natural flow of Thompson
Creek, and waste, seepage and drainage waters from irrigated lands above applicant's
diversion, flowing in Thompson Creek during the irrigating season, commingled with
the natural flow of Thompson Creek, Many years ago the ditch herein described was
constructed and has been since used to divert the waters of Thompson Creek practically
every year upon the lands described, but was omitted in the filings of applicant's
predecessors in the general adjudication proceedings of Rogue River and its tribu-
taries.

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application, together with the accompanying
maps and data, and return the same for correction or completion, as follows:

In order to retain its priority, this application must be returned to the State Engineer, with correc-
tions, on or before....., 191....

WITNESS my hand this..... day of....., 191....

State Engineer.

Application No. 6691

Permit No. 4256

PERMIT TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF OREGON

Division No. District No.

This instrument was first received in the office of the State Engineer at Salem, Oregon, on the 11th day of Aug., 1919, at 8:30 o'clock A.M.

Returned to applicant for correction

Corrected application received

Approved: Oct. 30 1919

Recorded in Book No. 15 of Permits, on Page 4256

STATE OF OREGON, County of Marion, ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions: If for irrigation, this appropriation shall be limited to one-eighth of one cubic foot per second, or its equivalent, for each acre irrigated, and shall be subject to such reasonable rotation system as may be ordered by the proper State officer.

The right to the use of water herein granted is limited to a supplemental supply for the irrigation of land already having a partial water right, and is also limited to the water available at the proposed point of diversion and does not carry with it the right to divert water from the stream from which the waste water is diverted nor the right to require the wasteful use of water by others.

The amount of water appropriated shall be limited to the amount which can be applied to beneficial use and not to exceed 0.75 cubic feet per second, or its equivalent in case of rotation. The priority date of this permit is August 11, 1919

Actual construction work shall begin on or before October 30, 1920 and shall thereafter be prosecuted with reasonable diligence and be completed on or before June 1, 1921

Complete application of the water to the proposed use shall be made on or before October 1, 1922

WITNESS my hand this 30th day of October, 1919

Percy A Cupper

State Engineer.

Permits for power development are subject to the limitation of franchise as provided in Section 6633, Lord's Oregon Laws, and the payment of annual fees as provided in Chapter 213, Session Laws of 1915.
