

Application No. 56277

Permit No. 42794

STATE OF OREGON WATER RESOURCES DEPARTMENT

Application for Permit to Appropriate Surface Water

I, Harold Rowen and Beth L. Rowen
of Rt. 1, Box 154, Halfway, Oregon 97834 Phone No. 503-742-4844

do hereby make application for a permit to appropriate the following described waters of the State of Oregon:

1. The source of the proposed appropriation is an unnamed drainage system in the field, a tributary of Nothing - does not reach East Pine Creek

2. The point of diversion is to be located 20 ft N and 860 ft W from the SE corner of SW 1/4 NE 1/4, Sec 4, T. 8S., R. 46E. 42M

(If there is more than one point of diversion, each must be described)

being within the SW 1/4 of the NE 1/4 of Sec. 4 Tp. 8S R. 46E, W.M., in the county of Baker

3. Location of area to be irrigated, or place of use if other than irrigation.

Table with 5 columns: Township, Range, Section, List 1/4 of Section, List use and/or number of acres to be irrigated. Contains handwritten entries for 8S 46E 4 section with various quarter-section descriptions and acreage.

4. The amount of water which the applicant intends to apply to beneficial use is 2.25

cubic feet per second. (If water is to be used from more than one source, give quantity from each)

5. The use to which the water is to be applied is ~~to be pumped out to irrigate~~ Supplemental Irrigation

6. DESCRIPTION OF WORKS

Include dimensions and type of construction of diversion dam and headgate, length and dimensions of supply ditch or pipeline, size and type of pump and motor, type of irrigation system to adequately describe the proposed distribution system.

We plan to dig a small pond about 75 ft. x 75 ft. with a backhoe. It will be about 13 feet deep. ~~Water will be ditched into it~~ ^{Water flowing into pond} from surrounding swamp ^{and draws} in addition to that already there. We will put a 6 inch buried main line to that field across the creek. To irrigate that below ^(south) the pond we will put the intake hose over the bank into the pond. We will use a 4 inch pump on a Case 430 tractor (diesel) and either sprinkle or flood irrigate. In the field across the creek we plan to sprinkle.

If for domestic use state number of families to be supplied

7. Construction work will begin on or before July 21, 1977

8. Construction work will be completed on or before September 21, 1977

9. The water will be completely applied to the proposed use on or before August 10, 1978

Application No. 56277

Permit No. 42794

15314

Remarks: The pond used in conjunction with this application is used as a pumping sump and not for storage for future use. Flow from the sump area seeps back into ground prior to reaching East Pine Creek.

Permit to Appropriate the Public Waters of the State of Oregon

1977

This is to certify that I have examined the foregoing application and do hereby grant the same SUBJECT TO EXISTING RIGHTS INCLUDING THE EXISTING FLOW POLICIES ESTABLISHED BY THE WATER POLICY REVIEW BOARD and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 2.25 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from drainage ditches.

The use to which this water is to be applied is supplemental irrigation.

If for irrigation, this appropriation shall be limited to 1/40th of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 4 1/2 acre feet per acre for each acre irrigated during the irrigation season of each year, provided further that the right allowed herein shall be limited to any deficiency in the available supply of any prior right existing for the same land and shall not exceed the limitation allowed herein,

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is July 25, 1977

Actual construction work shall begin on or before April 3, 1979 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1980

Complete application of the water to the proposed use shall be made on or before October 1, 1981

WITNESS my hand this 3rd day of April, 1978

James E. Larson
Water Resources Director
