Permit to Appropriate the Public Waters of the State of Oregon

This is to certify that I have examined the foregoing application and do hereby grant the same SUBJECT TO EXISTING RIGHTS INCLUDING THE EXISTING FLOW POLICIES ESTABLISHED BY THE WATER POLICY REVIEW BOARD and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.65 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from an unnamed stream and springs #1 and #2.

The use to which this water is to be applied is irrigation, supplemental irrigation and fish propagation; being 0.63 c.f.s. from the unnamed stream for irrigation, with any deficiency in the available supply to be made up from spring #2, and 0.02 c.f.s. from the unnamed stream for fish propagation with any deficiency in the available supply to be made up from spring #1. If for irrigation, this appropriation shall be limited to 1/80th of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 4 1/2 acre feet per acre for each acre irrigated during the irrigation season of each year, provided further that the right allowed herein shall be limited to any deficiency in the available supply of any prior right existing for the same land and shall not exceed the limitation allowed herein,

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is March 23, 1978

Actual construction work shall begin on or before May 22, 1979 and shall

thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1980

Extended to Oct. 1, 1983

Complete application of the water to the proposed use shall be made on or before October 1, 1981

Extended to Oct. 1, 1983
