Permit No. 43432

RECEIVED  
JUL 13 1978

STATE OF OREGON WATER RESOURCES DEPARTMENT

Application for Permit to Appropriate Surface Water RESOURCES DEPT.  
SALEM, OREGON

I, George E. Pike, Jr + Deborah A. Pike  
(Name of Applicant)  
of Star Route 1, Box 1070, Winston  
(Mailing Address) (City)  
State of Oregon, 97496 Phone No. 679-9664  
(Zip Code) do hereby

make application for a permit to appropriate the following described waters of the State of Oregon:

1. The source of the proposed appropriation is Willis Creek  
a tributary of South Umpqua

2. The point of diversion is to be located 320 ft. N and 750 ft. E  
(N. or S.) (E. or W.)  
from the 1/4 corner of S. 9+10  
(Public Land Survey Corner)

(If there is more than one point of diversion, each must be described)

being within the SW 1/4 of the NW 1/4 of  
Sec. 10 Tp. 29S. R. 6W., W.M., in the county of Douglas  
(N. or S.) (E. or W.)

3. Location of area to be irrigated, or place of use if other than irrigation.

| Township | Range | Section | List 1/4 1/4 of Section | List use and/or number of acres to be irrigated |
|----------|-------|---------|-------------------------|-------------------------------------------------|
| T. 29S   | 6W    | 10      | SW 1/4 NW 1/4           | Domestic including 1/2 acre lawn + garden       |
|          |       |         |                         |                                                 |
|          |       |         |                         |                                                 |
|          |       |         |                         |                                                 |
|          |       |         |                         |                                                 |
|          |       |         |                         |                                                 |
|          |       |         |                         |                                                 |
|          |       |         |                         |                                                 |
|          |       |         |                         |                                                 |

4. The amount of water which the applicant intends to apply to beneficial use is 0.01 cfs

cubic feet per second.

(If water is to be used from more than one source, give quantity from each)

5. The use to which the water is to be applied is domestic including

lawn & garden

6.

#### DESCRIPTION OF WORKS

Include dimensions and type of construction of diversion dam and headgate, length and dimensions of supply ditch or pipeline, size and type of pump and motor, type of irrigation system to adequately describe the proposed distribution system.

2 cement pipes 4' high x 3' round (diameter)

set on top of each other. Bottom tile is

perforated. Pump - 3/4 HP Goulds.

200 feet of pipeline, serving house, garden and barn.

There is a second well, here when we bought the property. 3 cement pipes 4' x 3' round

and 2 pipes 4' x 1 1/2' round, stacked.

There is no pump on this well because it hardly puts forth any water. It is situated about 50' in from creek.

If for domestic use state number of families to be supplied one

7. Construction work will begin on or before Completed

8. Construction work will be completed on or before Completed

9. The water will be completely applied to the proposed use on or before Completed

Application No. 57640

Permit No. 43432

43432

Application No. 57640

Permit No. 43432

Permit to Appropriate the Public Waters of the State of Oregon

This is to certify that I have examined the foregoing application and do hereby grant the same SUBJECT TO EXISTING RIGHTS INCLUDING THE EXISTING FLOW POLICIES ESTABLISHED BY THE WATER POLICY REVIEW BOARD and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.01 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from Willis Creek.

The use to which this water is to be applied is domestic for one family, including the irrigation of lawn and garden not to exceed 1/2 acre in area.

If for irrigation, this appropriation shall be limited to of one cubic foot per second or its equivalent for each acre irrigated.

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is July 13, 1978

Actual construction work shall begin on or before September 27, 1979 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1980

Complete application of the water to the proposed use shall be made on or before October 1, 1981

WITNESS my hand this 27th day of September, 1978

James E. Seaman Water Resources Director
