Application No. 58307

Permit No. 43890

Remarks: We please a hardship case. We've drilled

two wells: one 285 feet and one 100 feet. The deeper well has ~~been~~ <sup>deteriorated</sup> considerably because of the draught conditions. A combination of both wells produces less than the normal household requirement. One well has run dry four times in the last month.

Application No. 58307

Permit No. 43890

Permit to Appropriate the Public Waters of the State of Oregon

This is to certify that I have examined the foregoing application and do hereby grant the same SUBJECT TO EXISTING RIGHTS INCLUDING THE EXISTING FLOW POLICIES ESTABLISHED BY THE WATER POLICY REVIEW BOARD and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.01 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from Rogue River.

The use to which this water is to be applied is domestic use for one family, including the irrigation of lawn and garden not to exceed 1/2 acre in area.

If for irrigation, this appropriation shall be limited to of one cubic foot per second or its equivalent for each acre irrigated

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is February 7, 1979

Actual construction work shall begin on or before March 2, 1980 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1980

Complete application of the water to the proposed use shall be made on or before October 1, 1981

WITNESS my hand this 2nd day of March, 1979

James E. Seaman
Water Resources Director
