Application No. *57959*

Permit No. *43973*

Permit to appropriate the Public Waters of the State of Oregon

This is to certify that I have examined the foregoing application and do hereby grant the same SUBJECT TO EXISTING RIGHTS INCLUDING THE EXISTING FLOW POLICIES ESTABLISHED BY THE WATER POLICY REVIEW BOARD and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 34.2 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from Little Walla Walla River and Tum-A-Lum River.

The use to which this water is to be applied is irrigation and supplemental irrigation.

If for irrigation, this appropriation shall be limited to 0.0375 of one cubic foot per second or its equivalent for each acre irrigated provided further that the right allowed herein shall be limited to any deficiency in the available supply of any prior right existing for the same land and shall not exceed the limitation allowed herein, provided further that the right acquired herein together with that under all other rights held by the company to the use of the Little Walla Walla River and the Tum-A-Lum River shall not exceed the capacity of the diversion works at the time of making proof of appropriation.

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is September 28, 1978

Actual construction work shall begin on or before April 16, 1980 and shall

thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1981

Extended to October 1987

Complete application of the water to the proposed use shall be made on or before October 1, 1982

Extended to October 1987

WITNESS my hand this 16th day of April, 1979

James E. Seaman
Water Resources Director
