Remarks: This water is for lands omitted in the adjudication of Wallowa River, and its tributaries. But all of said land is now under irrigation; and with the exception of the 9 acres in the SW $\frac{1}{4}$ of SE $\frac{1}{4}$ of said Section 4 was all under irrigation at the time, and prior to the time of such adjudication. The water will be used through the Wrenn-Dobbin Ditch, or the Dobbin Ditch, according to stock owned in either or both ditches by owners of the lands. But the ditches are practically the same, except as to date of incorporation, the Wrenn-Dobbin Ditch being an enlargement of the Dobbin Ditch.
