Application No. 58353

Permit No. 44072

2010

Application No. 58353

Permit No. 44072

Permit to Appropriate the Public Waters of the State of Oregon

This is to certify that I have examined the foregoing application and do hereby grant the same SUBJECT TO EXISTING RIGHTS INCLUDING THE EXISTING FLOW POLICIES ESTABLISHED BY THE WATER POLICY REVIEW BOARD and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.034 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from Little River and a spring.

The use to which this water is to be applied is domestic use for one family and irrigation; being 0.005 c.f.s. for domestic use from the spring, and 0.029 c.f.s. for irrigation from Little River.

If for irrigation, this appropriation shall be limited to 1/80th of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 2 1/2 acre feet per acre for each acre irrigated during the irrigation season of each year.

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is February 22, 1979

Actual construction work shall begin on or before May 11, 1980 and shall

thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1981

Complete application of the water to the proposed use shall be made on or before October 1, 1982

WITNESS my hand this 11th day of May, 1979

John E. Seaman
Water Resources Director
