

Application No. 58202

Permit No. 44086

STATE OF OREGON WATER RESOURCES DEPARTMENT

Application for Permit to Appropriate Surface Water

I, BEAVER DRAINAGE DISTRICT

(Name of Applicant)

of P.O. BOX 403

(Mailing Address)

Clatskanie

(City)

State of Oregon 97016

(Zip Code)

Phone No. 728-2434 (Mr. Morten-Sec.) do hereby

make application for a permit to appropriate the following described waters of the State of Oregon:

1. The source of the proposed appropriation is... Columbia River via Bradbury Slough and John Slough, a tributary of Pacific Ocean

2. The point of diversion is to be located 980 ft. N and 1870 ft. E from the SW corner of Section 23, Township 8 North, Range 4 West

(If there is more than one point of diversion, each must be described)

being within the SE 1/4 of the SW 1/4 of Sec. 23 Tp. 8N R. 4W, W. M., in the county of Columbia

3. Location of area to be irrigated, or place of use if other than irrigation.

Table with 5 columns: Township, Range, Section, List 1/4 1/4 of Section, List use and/or number of acres to be irrigated. Rows include data for Township 8N, Range 4W, Sections 20 and 21, with various quarter-section descriptions and acreage values.

See additional sheets marked Exhibit B 1, 2, 3, and 4

4. The amount of water which the applicant intends to apply to beneficial use is 34.33

cubic feet per second being 0.125 X 2746.4 acres  
(If water is to be used from more than one source, give quantity from each)

5. The use to which the water is to be applied is Irrigation

6. DESCRIPTION OF WORKS

Include dimensions and type of construction of diversion dam and headgate, length and dimensions of supply ditch or pipeline, size and type of pump and motor, type of irrigation system to adequately describe the proposed distribution system.

A tidegate has been installed on John Slough, a small slough running into Bradbury Slough approximately 8,000 feet south of the Columbia. A description of this tidegate in the form of United States Army Engineers plan is attached as "A-1". The tidegate will divert Columbia River water into a series of ditches that meander to the District's pumping station approximately 20,000 feet west of the tidegate. Members of the Drainage District will pump from the ditches adjacent to their property. There will be no pumping into the ditches, the water service will come solely from tidal action or high water. Ditches vary in width from 80 feet to 20 and in depth from 10 feet to 4 feet depending on the water level in the districts. The ditches will be used for drainage in times of high water and excess water will be pumped out of the District by two large discharge pumps.

If for domestic use state number of families to be supplied NA

7. Construction work will begin on or before Completed

8. Construction work will be completed on or before completed

9. The water will be completely applied to the proposed use on or before October 1, 1978

### Permit to Appropriate the Public Waters of the State of Oregon

This is to certify that I have examined the foregoing application and do hereby grant the same SUBJECT TO EXISTING RIGHTS INCLUDING THE EXISTING FLOW POLICIES ESTABLISHED BY THE WATER POLICY REVIEW BOARD and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 34.33 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from Columbia River.

The use to which this water is to be applied is irrigation.

If for irrigation, this appropriation shall be limited to 1/80th of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 2 1/2 acre feet per acre for each acre irrigated during the irrigation season of each year.

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is April 26, 1979

Actual construction work shall begin on or before May 30, 1980 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1981

Complete application of the water to the proposed use shall be made on or before October 1, 1982

WITNESS my hand this 30th day of May, 1979

  
Water Resources Director
