Remarks: This application is being filed in order to cover the full area we have been irrigating for the last 35 yrs or more under the assumption our 1908 right covered the full area. The total area being irrigated is 305,000 sq' or 7.0 acres. ( $385' \times 660' \times 540'$  - the hypotenuse was not measured). Inasmuch as the existing right is for 5.1 acres, this was subtracted from the <sup>total</sup> 7.0 acres being irrigated under this 1908 right. The additional surface areas covered by the 1.9 additional acres are denoted on the map in solid black.
