Application No. *59297*

Permit No. *44608*

Permit to Appropriate the Public Waters of the State of Oregon

This is to certify that I have examined the foregoing application and do hereby grant the same SUBJECT TO EXISTING RIGHTS INCLUDING THE EXISTING FLOW POLICIES ESTABLISHED BY THE WATER POLICY REVIEW BOARD and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 6.97 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from Radio Creek and North Fork John Day River

The use to which this water is to be applied is irrigation and supplemental irrigation. being 2.08 c.f.s. for irrigation from Radio Creek and 4.89 c.f.s. for supplemental irrigation from North Fork John Day River

If for irrigation, this appropriation shall be limited to 1/40th of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 5.0 acre feet per acre for each acre irrigated during the irrigation season of each year

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is September 4, 1979

Actual construction work shall begin on or before February 7, 1981 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1981

Complete application of the water to the proposed use shall be made on or before October 1, 1982

WITNESS my hand this 7th day of February , 1980

James E. Lewis
Water Resources Director
