

4. The amount of water which the applicant intends to apply to beneficial use is ~~0~~ (see remark)

cubic feet per second. <sup>9</sup>14 ~~78~~ ACRE FEET  
(If water is to be used from more than one source, give quantity from each)

5. The use to which the water is to be applied is To fill manmade lake in  
mobile home park For RECREATIONAL USE

6. DESCRIPTION OF WORKS

Include dimensions and type of construction of diversion dam and headgate, length and dimensions of supply ditch or pipeline, size and type of pump and motor, type of irrigation system to adequately describe the proposed distribution system.

No change to creek bed invert at inlet or outlet, lake to be excavated below current creek bottom. There will be no dams, headgates, ditches, or pipelines installed.

If for domestic use state number of families to be supplied N/A

7. Construction work will begin on or before 1 May 1979

8. Construction work will be completed on or before 1 October 1980

9. The water will be completely applied to the proposed use on or before June 1980

Application No. 58240

Permit No. 44724 RECEIVED

91131

Remarks: 1. The only use of water from stream will be from increased evaporation, which is estimated at 3600 gallons per day during mid-summer. Water to offset this evaporation is to be provided from the proposed well. Water to fill the pond will come in part from the stream. However, no water to be used in filling will be taken prior to November 1 1979 or later than April 1~~st~~ 1980.

WEST

Application No. 58240

Permit No. 44724

Permit to appropriate the Public Waters of the State of Oregon

This is to certify that I have examined the foregoing application and do hereby grant the same SUBJECT TO EXISTING RIGHTS INCLUDING THE EXISTING FLOW POLICIES ESTABLISHED BY THE WATER POLICY REVIEW BOARD and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 14.9 acre feet stored water only measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from a reservoir to be constructed under Application No. R-58231, Permit No. R-8098

The use to which this water is to be applied is recreation

If for irrigation, this appropriation shall be limited to of one cubic foot per second or its equivalent for each acre irrigated

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is January 16, 1979

Actual construction work shall begin on or before April 9, 1981 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1982

Complete application of the water to the proposed use shall be made on or before October 1, 1983

WITNESS my hand this 9th day of April, 1980

James E. Larson
