Application No. *59290*

Permit No. **44782**

Application No. 59290

Permit No. 44782

Permit to appropriate the Public Waters of the State of Oregon

This is to certify that I have examined the foregoing application and do hereby grant the same SUBJECT TO EXISTING RIGHTS INCLUDING THE EXISTING FLOW POLICIES ESTABLISHED BY THE WATER POLICY REVIEW BOARD and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 10.0 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from South Fork Klaskanine River and salmon rearing pond to be constructed under application No. R-59289, permit No. R-8108

The use to which this water is to be applied is aquaculture and maintenance of a salmon rearing pond

If for irrigation, this appropriation shall be limited to of one cubic foot per second or its equivalent for each acre irrigated

The use of water shall be restricted to the period of January through May of each year

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is August 31, 1979

Actual construction work shall begin on or before May 5, 1981 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1982

Complete application of the water to the proposed use shall be made on or before October 1, 1983

WITNESS my hand this 5th day of May, 1980

Deputy Water Resources Director
