Application No. 59876

Permit No. 44995

44995

Remarks: W.D.L.F. app. # 146

Certificate of water right # 5392 confirms the right to the use of water from S. Umpqua R. for irrigation the north 40^o acres of J. Boyle DLC # 41 all lying south of state highway 227 as it existed Nov. 11, 1919 and today. The survey map and said certificate appear to describe said right incorrectly by 1/4 section regarding number of acres. This application and map reflect the apparent true location of said water right.

Application No. 59876

Permit No. 44995

Application No. 59876

Permit No. 44995

Permit to appropriate the Public Waters of the State of Oregon

This is to certify that I have examined the foregoing application and do hereby grant the same SUBJECT TO EXISTING RIGHTS INCLUDING THE EXISTING FLOW POLICIES ESTABLISHED BY THE WATER POLICY REVIEW BOARD and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.39 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from South Umpqua River

The use to which this water is to be applied is irrigation

If for irrigation, this appropriation shall be limited to one-eightieth of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 2 1/2 acre feet per acre for each acre irrigated during the irrigation season of each year

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is March 13, 1980

Actual construction work shall begin on or before August 25, 1981 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1982

Complete application of the water to the proposed use shall be made on or before October 1, 1983

WITNESS my hand this 25th day of August, 1980
