Permit to Appropriate the Public Waters of the State of Oregon

This is to certify that I have examined the foregoing application and do hereby grant the same SUBJECT TO EXISTING RIGHTS INCLUDING THE EXISTING FLOW POLICIES ESTABLISHED BY THE WATER POLICY REVIEW BOARD and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.029 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from two unnamed streams; water to be diverted from unnamed stream No. 1 when available with any deficiency in the available supply from unnamed stream No. 1 to be made up by appropriation from unnamed stream No. 2; provided that the total quantity diverted from both sources shall not exceed 0.029 cfs.

The use to which this water is to be applied is domestic use of one family and irrigation, being 0.005 cfs for domestic and 0.024 cfs for irrigation.

If for irrigation, this appropriation shall be limited to 1/80th of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 2½ acre feet per acre for each acre irrigated during the irrigation season of each year,

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is May 19, 1980.

Actual construction work shall begin on or before October 14, 1981 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1982.

Complete application of the water to the proposed use shall be made on or before October 1, 1983.

WITNESS my hand this 14th day of October, 1980.

DEPUTY Water Resources Director
