Application No. 60350

Permit No. \_\_\_\_\_

Remarks: This is an existing installation. Installation was in 1946 with

continuous use since that time. No prior right filed. The system currently

serves two families. One family residence will be eliminated by a highway

widening project, the remaining family will use this system and the two sources

as a domestic supply. There can be no other users of these locations in the

predictable future due to zoning restrictions.

No use of irrigation water has been made as of this date. Irrigation to begin July, 1980.

Permit No. 15171

Permit to appropriate the Public Waters of the State of Oregon

This is to certify that I have examined the foregoing application and do hereby grant the same SUBJECT TO EXISTING RIGHTS INCLUDING THE EXISTING FLOW POLICIES ESTABLISHED BY THE WATER POLICY REVIEW BOARD and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.055 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from two unnamed streams; water to be diverted from the northerly unnamed stream when available with any deficiency in the available supply from the northerly unnamed stream to be made up by appropriation from the southerly unnamed stream; provided that the total quantity diverted from both sources shall not exceed 0.055 cfs.

The use to which this water is to be applied is irrigation and domestic use of one family; being 0.05 cfs for irrigation and 0.005 cfs for domestic use.

If for irrigation, this appropriation shall be limited to 1/80th of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 2 1/2 acre feet per acre for each acre irrigated during the irrigation season of each year; provided further that no diversion of water is to be made from July 1 through September 30 of each year for irrigation except for noncommercial lawn and garden in an amount not to exceed one-half acre.

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is July 14, 1980

Actual construction work shall begin on or before October 14, 1981 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1982

Complete application of the water to the proposed use shall be made on or before October 1, 1983
