Sec. ....28..... Tp. ....32.S..... R. ....3.E., W.M., in the county of....Jackson.....

3. Location of area to be irrigated, or place of use if other than irrigation.

4. The amount of water which the applicant intends to apply to beneficial use is ..... 0.01  
cubic feet per second.....  
(If water is to be used from more than one source, give quantity from each)

5. The use to which the water is to be applied is ..... Domestic .....

6.

#### DESCRIPTION OF WORKS

Include dimensions and type of construction of diversion dam and headgate, length and dimensions of supply ditch or pipeline, size and type of pump and motor, type of irrigation system to adequately describe the proposed distribution system.

Nye Ditch diversion from Mill Creek and pipe line diversion from Nye Ditch are described in Application No. 47772 Permit No. 35779 of 1970, in name of Robert L. Conger (Mill Creek and Misc. Vol. 2). Gravity-feed 2 inch diameter pipeline is approximately 2600 feet long.

If for domestic use state number of families to be supplied ..... 1.....

7. Construction work will begin on or before.....

8. Construction work will be completed on or before.....

9. The water will be completely applied to the proposed use on or before.....

Application No. .... 60937 .....

Permit No. .... 45315 .....

*Remarks:* Water use for which application is made has been provided to previous owner of property since at least 1972 by Nye Ditch Users Association. I purchased property in Feb., 1980, and have just learned that no application had been made. A separate agreement with Robert L. Conger for joint use of pipeline will be made pending approval of this application. This will formalize present facilities and usage.

This permit, when issued, is for the beneficial use of water. By law, the land use associated with this water use must be in compliance with statewide land-use goals and any local acknowledged land-use plan. It is possible that the land use you propose may not be allowed if it is not in keeping with the goals and the acknowledged plan. Your city or county planning agency can advise you about the land-use plan in your area.

## Permit to Appropriate the Public Waters of the State of Oregon

STATE OF OREGON

This is to certify that I have examined the foregoing application and do hereby grant the same SUBJECT TO EXISTING RIGHTS INCLUDING THE EXISTING FLOW POLICIES ESTABLISHED BY THE WATER POLICY REVIEW BOARD and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed ..... 0.005 ..... cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from ..... Mill Creek .....

The use to which this water is to be applied is ..... domestic use for one family .....

If for irrigation, this appropriation shall be limited to ..... of one cubic foot per second or its equivalent for each acre irrigated .....

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is ... October 24, 1980 .....

Actual construction work shall begin on or before ..... January 5, 1982 ..... and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1982 .....

Complete application of the water to the proposed use shall be made on or before October 1, 1983 .....

WITNESS my hand this ..... 5th ..... day of ..... January ..... , 1981 .....

  
James E. Sisson  
Water Resources Director
