Application No. 59564

Permit No. 45328

Application No. 59564

Permit No. 45328

Permit to Appropriate the Public Waters of the State of Oregon

This is to certify that I have examined the foregoing application and do hereby grant the same SUBJECT TO EXISTING RIGHTS INCLUDING THE EXISTING FLOW POLICIES ESTABLISHED BY THE WATER POLICY REVIEW BOARD and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 4.71 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from an unnamed stream and Spencer Reservoir to be constructed under Application R-59563, Permit R- 8204.

The use to which this water is to be applied is irrigation and frost protection, being 0.39 c.f.s. for irrigation of 4.71 c.f.s. for frost protection.

If for irrigation, this appropriation shall be limited to 1/80th of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 2 1/2 acre feet per acre for each acre irrigated during the irrigation season of each year; the permittee shall record and submit annually to the Water Resources Department all pertinent data pertaining to the use of water for temperature control on forms furnished.

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is December 20, 1979 for 0.39 c.f.s.; August 20, 1980 for 4.32 c.f.s.

Actual construction work shall begin on or before January 5, 1982 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1982

Complete application of the water to the proposed use shall be made on or before October 1, 1983

Extended to Oct. 1, 1984

WITNESS my hand this 5th day of January, 1981

James E. Nelson Water Resources Director
