8. Construction work will be completed on or before is completed now.

9. The water will be completely applied to the proposed use on or before in use: 7/20/11.

Application No. 60022

Permit No. 45349

Remarks: We have first bought the first acre of land and house from George & Vivian Fraser we were under the impression, or assumed we had water rights from Row River we have been irrigating from Row River for about 15 yrs. After talking with neighbors and friends we started investigating and found we did not have water rights from Row River. In the meantime we purchased 2 more acres from Hoss and sold one acre to LaCoste we now have 2 a. for which we want water rights.

This permit, when issued, is for the beneficial use of water. By law, the land use associated with this water use must be in compliance with statewide land-use goals and any local acknowledged land-use plan. It is possible that the land use you propose may not be allowed if it is not in keeping with the goals and the acknowledged plan. Your city or county planning agency can advise you about the land-use plan in your area.
