Permit to Appropriate the Public Waters of the State of Oregon

This is to certify that I have examined the foregoing application and do hereby grant the same SUBJECT TO EXISTING RIGHTS INCLUDING THE EXISTING FLOW POLICIES ESTABLISHED BY THE WATER POLICY REVIEW BOARD and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.13 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from two unnamed draws and four

reservoirs to be constructed under Application R-59667, Permit R-8223 being 0.09 cfs from Reservoir 1 and unnamed draw with any deficiency to be made up from Reservoir 2, and 0.04 cfs from Reservoir 3 and unnamed draw with any deficiency to be made up from Reservoir 4.

The use to which this water is to be applied is irrigation and supplemental irrigation

If for irrigation, this appropriation shall be limited to 1/80th of one cubic foot per second or its equivalent for each acre irrigated and shall be limited to a diversion of not to exceed 2 1/2 acre-feet per acre for each acre irrigated during the irrigation season of each year, provided further that the right allowed herein shall be limited to any deficiency in the available supply of any prior right existing for the same land and shall not exceed the limitation allowed herein,

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is October 9, 1980

Actual construction work shall begin on or before February 10, 1982 and shall

thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1982

Extended to Oct. 1, 1984

Complete application of the water to the proposed use shall be made on or before October 1, 1983

Extended to Oct. 1, 1984

WITNESS my hand this 10th day of February, 1981

Janet E. Larson
Water Resources Director
