Application No. 60940

Permit No. 45572

Permit to appropriate the Public Waters of the State of Oregon

This is to certify that I have examined the foregoing application and do hereby grant the same **SUBJECT TO EXISTING RIGHTS INCLUDING THE EXISTING FLOW POLICIES ESTABLISHED BY THE WATER POLICY REVIEW BOARD** and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed ^{should be} 2.7 ^{2.61} cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from Rickreall Creek, unnamed intermittent drainage way and three ponds to be constructed under Application R-60939, Permit R- 8242.

The use to which this water is to be applied is irrigation and wildlife habitat, being 2.6 cfs from Rickreall Creek for irrigation and 0.01 cfs from unnamed drainage way and three ponds with any deficiency in the available supply to be made up by appropriation from Rickreall Creek for wildlife habitat.

If for irrigation, this appropriation shall be limited to 1/80th of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 2½ acre-feet per acre for each acre irrigated during the irrigation season of each year.

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is October 24, 1980

Actual construction work shall begin on or before April 15, 1982 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1983

Complete application of the water to the proposed use shall be made on or before October 1, 1984

WITNESS my hand this 15th day of April, 1981

Water Resources Director
