

4. The amount of water which the applicant intends to apply to beneficial use is 4.43
being 0.20 cfs for wildlife habitat, 0.05 cfs for irrigation, and
cubic feet per second 0.88 cfs for supplemental irrigation from the unnamed stream with.....
any deficiency to be made up (If water is to be used from more than one source, give quantity from each) from Price Creek
and 0.36 cfs from Price Creek and 2.95 cfs from the unnamed stream for supplemental irr.

5. The use to which the water is to be applied is Wildlife Habitat, Irrigation and Supple-
mental Irrigation

6.

DESCRIPTION OF WORKS

Include dimensions and type of construction of diversion dam and headgate, length and dimensions of supply
ditch or pipeline, size and type of pump and motor, type of irrigation system to adequately describe the proposed
distribution system.

PORTABLE DIESEL PUMP LOCATED AT BASE OF
LARGE RESERVOIR WITH SOME GRAVITY FLOW FOR
LOWER AREAS. A LIKE SYSTEM IS USED AT THE
SMALLER RESERVOIR. (see letter rec 2-3-81)
PAB

If for domestic use state number of families to be supplied.....

7. Construction work will begin on or before..... Completed

8. Construction work will be completed on or before..... Completed

9. The water will be completely applied to the proposed use on or before..... Oct. 1, 1981

**WATER RESOURCES DEPT
SALEM, OREGON**

Application No. 61138

Permit No. 45703

Remarks: At times water will be used from the unnamed stream even though water is available from the reservoir in the interest of conserving the stored water for times of low flow.

This permit, when issued, is for the beneficial use of water. By law, the land use associated with this water use must be in compliance with statewide land-use goals and any local acknowledged land-use plan. It is possible that the land use you propose may not be allowed if it is not in keeping with the goals and the acknowledged plan. Your city or county planning agency can advise you about the land-use plan in your area.

Application No. 61138

Permit No. 45703

102408

Permit to Appropriate the Public Waters of the State of Oregon

This is to certify that I have examined the foregoing application and do hereby grant the same SUBJECT TO EXISTING RIGHTS INCLUDING THE EXISTING FLOW POLICIES ESTABLISHED BY THE WATER POLICY REVIEW BOARD and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 4.43 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from ...Price Creek...unnamed..stream.. and a reservoir to be constructed under Application R-61137, Permit R- 8259.....

The use to which this water is to be applied is wildlife habitat, irrigation and supplemental irrigation, being 0.20 cfs for wildlife habitat and 0.05 cfs for irrigation from unnamed stream and reservoir with any deficiency in the available supply to be made up by appropriation from Price Creek; 0.88 cfs from unnamed stream for supplemental irrigation with any deficiency in the available supply to be made up by appropriation *

If for irrigation, this appropriation shall be limited to 1/80th of one cubic foot per second or its equivalent for each acre irrigated / from direct flow and shall be further limited to a diversion of not to exceed 2½ acre-feet per acre for each acre irrigated during the irrigation season of each year from direct flow and storage from reservoir to be constructed under Permit R- 8259 ; provided further that the right allowed herein shall be limited to any deficiency in the available supply of any prior right existing for the same land and shall not exceed the limitation allowed herein;

* from Price Creek; and 0.36 cfs from Price Creek and 2.95 cfs from the unnamed stream and reservoir for supplemental irrigation.

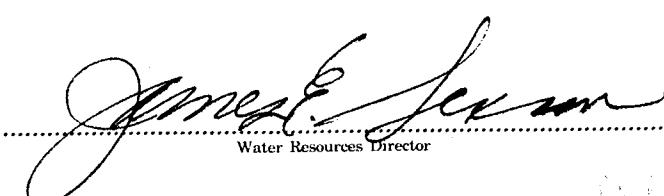

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is January 9, 1981

Actual construction work shall begin on or before May 29, 1982 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 19...83.....

Complete application of the water to the proposed use shall be made on or before October 1, 19...84.....

WITNESS my hand this 29th day of..... May....., 19...81.....

James E. Jackson
Water Resources Director
