STATE OF OREGON WATER RESOURCES DEPARTMENT

Application for Permit to Appropriate Surface Water

I, John Monfore, Land Use Supervisor for Weyerhaeuser Company  
(Name of Applicant)

of P. O. Box 9 Klamath Falls  
(Mailing Address) (City)

State of Oregon 97601 Phone No. 884-2241  
(Zip Code)

do hereby make application for a permit to appropriate the following described waters of the State of Oregon:

1. The source of the proposed appropriation is South of Forked Horn Springs  
in a stream which is Sink Creek, a tributary of Sink Creek

2. The point of diversion is to be located 150 ft. S and 200 ft. E.  
(N. or S.) (E. or W.)  
from the N 1/16 (West) corner of Section 9, Township 28 South, Range 7 East.  
(Public Land Survey Corner)

(If there is more than one point of diversion, each must be described)

being within the SW  $\frac{1}{4}$  of the NW  $\frac{1}{4}$  of  
Sec. 9 Tp. 28S R. 7E, W. M., in the county of Klamath  
(N. or S.) (E. or W.)

3. Location of area to be irrigated, or place of use if other than irrigation.

Township	Range	Section	List $\frac{1}{4}$ $\frac{1}{4}$ of Section	List use and/or number of acres to be irrigated
<del>28 South</del>	<del>7 East</del>	<del>all</del>	<del>all</del>	Those portions where roads exist-dust abatement when required will be the use.
(See attached sheets for locations)				

4. The amount of water which the applicant intends to apply to beneficial use is ..... .35

cubic feet per second.....

(If water is to be used from more than one source, give quantity from each)

5. The use to which the water is to be applied is ..... Road dust abatement.....

6. DESCRIPTION OF WORKS

Include dimensions and type of construction of diversion dam and headgate, length and dimensions of supply ditch or pipeline, size and type of pump and motor, type of irrigation system to adequately describe the proposed distribution system.

The site is adequate as is. Water would be obtained by pumping into a tanker truck at a rate less than or equal to .35 cfs. Water is then spread to the road by a gravity sprinkler on the truck.

No additional construction work is anticipated. The pump used for removing water is a standard power-take-off pump mounted on the tanker units or a standard volume pump either of which will pump at or less than .35 cfs.

Five (5) tanker loads per day for a maximum of 15,000 gallons for a maximum of twenty (20) days per year will be the estimated annual use.

If for domestic use state number of families to be supplied ..... N/A

7. Construction work will begin on or before ..... N/A

8. Construction work will be completed on or before ..... N/A

9. The water will be completely applied to the proposed use on or before.....

Application No. 60421

Permit No. 45720

3. Location of area to be irrigated, or place of use if other than irrigation.

Application No. 60421

Permit No. 45720

### Permit to appropriate the Public Waters of the State of Oregon

This is to certify that I have examined the foregoing application and do hereby grant the same SUBJECT TO EXISTING RIGHTS INCLUDING THE EXISTING FLOW POLICIES ESTABLISHED BY THE WATER POLICY REVIEW BOARD and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.35 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from Fork Horn Spring Stream

The use to which this water is to be applied is Road dust abatement

If for irrigation, this appropriation shall be limited to of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 15,000 gallons of water per day:

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is July 29, 1980

Actual construction work shall begin on or before May 29, 1982 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1983

Complete application of the water to the proposed use shall be made on or before October 1, 1984

WITNESS my hand this 29th day of May, 1981

*James E. Seaman*  
Water Resources Director
