Permit to Appropriate the Public Waters of the State of Oregon

FEB 1981

This is to certify that I have examined the foregoing application and do hereby grant the same SUBJECT TO EXISTING RIGHTS INCLUDING THE EXISTING FLOW POLICIES ESTABLISHED BY THE WATER POLICY REVIEW BOARD and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.09 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from Middle Fork Willamette River

The use to which this water is to be applied is commerical and domestic for 17 families, including the irrigation of not to exceed $\frac{1}{2}$ acre lawn and non-commercial garden each, being 0.03 cfs for commercial and 0.06 cfs for domestic.

If for irrigation, this appropriation shall be limited to of one cubic foot per second or its equivalent for each acre irrigated

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is October 6, 1980

Actual construction work shall begin on or before August 20, 1982 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 19....83

Complete application of the water to the proposed use shall be made on or before October 1, 19....84

WITNESS my hand this 20th day of August , 1981

James B. Lexow
Water Resources Director
