Complete application of the water to the proposed use shall be made on or before October 1, 19

day of June Witness my hand this 13th

/s/ JAMES E. SEXSON

WATER RESOURCES DIRECTOR

This permit, when issued, is for the beneficial use of water. By law, the land use associated with this water use must be in compliance with statewide land-use goals and any local acknowledged land-use plan. It is possible that the land use you propose may not be allowed if it is not in keeping with the goals and the acknowledged plan. Your city or county planning agency can advise you about the land-use plan in your area.

of Section 20; Point of Diversion 3 (Unnamed Stream 2) - 1470 feet North and 820 feet East from the SW Corner of Section 20, being within the NW 1/4 SW 1/4 of Section 20; Point of Diversion 4 (Ferry Creek) - 3180 feet South and 290 feet East from the SW Corner of Section 20, being within the NW 1/4 SW 1/4 of Section 29; all within Township 28 South, Range 14 West, WM, in the County of Coos.

Township 28 South, Range 14 West, WM	Section 20	NE 1/4 NW 1/4	SW 1/4	4.9 acres
		SW 1/4		23.0 acres
	•	SE 1/4	SW 1/4	7.3 acres
,	Section 29	NW 1/4	NW 1/4	20.1 acres
			NW 1/4	

If for irrigation, this appropriation shall be limited to 1/40 of one cubic foot per second of its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 3.0 acre-feet per acre for each acre irrigated during the irrigation season of each year, for cranberries. If for the irrigation of any other crop, this appropriation shall be limited to 1/80 of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 2.5 af per acre for each acre irrigated during the irrigation season of each year, provided further that the right allowed herein shall be limited to any deficiency in the available supply of any prior right existing for the same land and shall not exceed the limitation allowed herein, and shall conform to such reasonable rotation system as may be ordered by the proper state officer.

The permittee shall record and submit annually to the Water Resources Department all pertinent data pertaining to use of water for temperature control on forms furnished.
