The AMOUNT OF WATER used for irrigation, together with the amount secured under any other right existing for the same lands shall be limited to 1/80 of one cubic foot per second per acre, and shall be further limited to a diversion of not to exceed 2.5 acre-feet per acre for each acre irrigated during the irrigation season of each year, and shall conform to such reasonable rotation system as may be ordered by the proper state officer.

Actual construction work shall begin on or before September 27, 1984, and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1985.

Complete application of the water to the proposed use shall be made on or before October 1, 1986.

Witness my hand this 27th day of September, 1983.

DEPUTY /s/ CHRIS L. WHEELER
WATER RESOURCES DIRECTOR

This permit, when issued, is for the beneficial use of water. By law, the land use associated with this water use must be in compliance with statewide land-use goals and any local acknowledged land-use plan. It is possible that the land use you propose may not be allowed if it is not in keeping with the goals and the acknowledged plan. Your city or county planning agency can advise you about the land-use plan in your area.
