

* Permit No. 4892

APPLICATION FOR A PERMIT

To Appropriate the Public Waters of the State of Oregon

I, THE CITY OF WALLA WALLA A MUNICIPAL CORPORATION
By D F Powell, Mayor (Name of Applicant)
of City of Walla Walla, County of Walla Walla
State of Washington does, do hereby make application for a permit to appropriate the
following described public waters of the State of Oregon subject to existing rights:

If the applicant is a corporation, give date and place of incorporation

A municipal corporation of the State of Washington

1. The source of the proposed appropriation is Mill Creek, rising in the State of
Washington (Name of stream)

tributary of Walla Walla River in Washington

2. The amount of water which the applicant intends to apply to beneficial use is
thirty cubic feet per second.

3. The use to which the water is to be applied is for water supply for the City of
Walla Walla, Wn. (Irrigation, power, mining, manufacturing,
domestic supplies, etc.)

4. The point of diversion is located (No section or quarter-corners of this section
have been able to be located. They appear to have been obliterated by logging
operations of many years ago.) (Give distance and bearing to section corner)

being within the NW 1/4 of the NE 1/4 of Sec. 22, Tp. 6 N
R. 38 E, W. M., in the county of Umatilla (No. N. or S.)

5. The main pipe line to be 3.96 (in Oregon)
(Main ditch, canal or pipe line)

miles in length, terminating in the Lot 3 of Sec. 18, Tp. 6 N
on the State Line (Smallest legal subdivision) (No. N. or S.)
R. 38 E, W. M., the proposed location being shown throughout on the accompanying map.
(No. E. or W.)

6. The name of the ditch, canal or other works is Water conduit for conveying water
for the City of Walla Walla.

DESCRIPTION OF WORKS

DIVERSION WORKS—

7. (a) Height of dam 12 feet, length on top 102 feet, length at bottom
80 feet; material to be used and character of construction
Concrete with wasteway of 64 ft. length over crest of dam (Loose rock, concrete,
masonry, rock and brush, timber crib, etc., wasteway over or around dam)

(b) Description of headgate One 1' 5" X 6' 8" headgate opening, controlled
by a steel sluice gate with guides set in concrete. (Timber, concrete, etc., number and size of openings)

* A different form of application is provided where storage works are contemplated. These forms can be secured without charge,
together with instructions, by addressing the State Engineer, Salem, Oregon.

CANAL SYSTEM—

8. (a) Give dimensions at each point of canal where materially changed in size, stating miles from headgate. At headgate: Width on top (at water line) feet; width on bottom feet; depth of water feet; grade feet fall per one thousand feet.

(b) At miles from headgate. Width on top (at water line) feet; width on bottom feet; depth of water feet; grade feet fall per one thousand feet.

FILL IN THE FOLLOWING INFORMATION WHERE THE WATER IS USED FOR:

IRRIGATION—

9. The land to be irrigated has a total area of acres, located in each smallest legal subdivision, as follows: (Give area of land in each smallest legal subdivision which you intend to irrigate.)

(If more space required, attach separate sheet)

POWER, MINING, MANUFACTURING, OR TRANSPORTATION PURPOSES—

10. (a) Total amount of power to be developed theoretical horsepower.

(b) Total fall to be utilized feet. (Head)

(c) The nature of the works by means of which the power is to be developed

(d) Such works to be located in of Sec. (Legal subdivision)

Tp., R., W. M. (No. N. or S.) (No. E. or W.)

(e) Is water to be returned to any stream? (Yes or No)

(f) If so, name stream and locate point of return

....., Sec., Tp., R., W. M. (No. N. or S.) (No. E. or W.)

(g) The use to which power is to be applied is

(h) The nature of the mines to be served

MUNICIPAL SUPPLY—

11. To supply the city of Walla Walla, in the State of Washington, Walla Walla County, having a present population of 15,503, as per last U.S. census and an estimated population of 26,067, July 1, in 1917 by Director of U.S. Census

(Answer questions 12, 13, 14 and 15 in all cases)

- 12. Estimated cost of proposed works, \$ 92,000
13. Construction work will begin on or before February 1, 1921
14. Construction work will be completed on or before January 1, 1922
15. The water will be completely applied to the proposed use on or before January 1, 1922

Duplicate maps of the proposed ditch or other works, prepared in accordance with the rules of the State Water Board, accompany this application.

THE CITY OF WALLA WALLA
(Name of applicant)
by D F Powell, Mayor
by E G Churchman, Clerk

(CORPORATE SEAL)

Signed in the presence of us as witnesses:

- (1) H B Noland, Walla Walla, Wn.
(Name) (Address of Witness)
(2) W Craig Ferguson, Walla Walla, Wash.
(Name) (Address of Witness)

Remarks: The said City of Walla Walla at the present time, and for a number of years past, diverts its water supply by a concrete dam and diversion works located on Mill Creek in the State of Washington, more particularly described as located in SW 1/4 of the SW 1/4 of Sec. 7 Tp 6 N R 38 E.W.M. It is now proposed to extend the diversion and intake works to a point on Mill Creek about one-half mile within the Wenaha National Forest Reserve, in Umatilla County, State of Oregon; and as more particularly described as in the NW 1/4 of NE 1/4 of Sec. 22 Tp 6 N R 38 E.W.M.; and thence connect the present intake and proposed intakes by a water conduit, after which the present intake will not be used as a point of diversion of the water from Mill Creek. The conduit will be a pipe.

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions: If for irrigation, this appropriation shall be limited to one-eightieth of one cubic foot per second, or its equivalent, for each acre irrigated, and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The right hereunder is limited to the appropriation of water from Mill Creek for a municipal water supply for the city of Walla Walla.

The amount of water appropriated shall be limited to the amount which can be applied to beneficial use and not to exceed 30.0 cubic feet per second, or its equivalent in case of rotation. The priority date of this permit is December 20, 1920

Actual construction work shall begin on or before January 15, 1922 and shall thereafter be prosecuted with reasonable diligence and be completed on or before June 1, 1923

Complete application of the water to the proposed use shall be made on or before October 1, 1925

WITNESS my hand this 13th day of January, 1921

Percy A Cupper

State Engineer.

Permits for power development are subject to the limitation of franchise as provided in Section 6633, Lord's Oregon Laws, and the payment of annual fees as provided in Chapter 213, Session Laws of 1915.

This form approved by the State Water Board, March 11, 1909.
