

STATE OF OREGON

County of CLACKAMAS

PERMIT TO APPROPRIATE THE PUBLIC WATERS

This is to certify that I have examined APPLICATION 63266 and do hereby grant the same SUBJECT TO EXISTING RIGHTS INCLUDING THE APPROPRIATE MINIMUM FLOW POLICIES ESTABLISHED BY THE WATER POLICY REVIEW BOARD and the following limitations and conditions:

This permit is issued to City of Portland, a municipal corporation of 1800 SW 6th Avenue, Portland, Oregon 97201, phone 248-5340, for the use of the waters of The Bull Run River, a tributary of Sandy River, for the PURPOSE of the development of 9466 theoretical horsepower at the Portland Ground Water Pump Station/Hydropower Generation Project

that the PRIORITY OF THE RIGHT dates from February 16, 1982

and is limited to the amount of water which can be applied to beneficial use and shall not exceed 170.0 cubic foot per second

The POINT OF DIVERSION is to be LOCATED: 760 feet North and 1520 feet West from the Southeast Corner of Section 26, being within the SW 1/4 SE 1/4 of Section 26, Township 1 South, Range 5 East, WM, in the County of Clackamas.

A description of the PLACE OF USE under the permit, and to which such right is appurtenant, is as follows:

Township 1 North, Range 3 East, WM Sections 19 SW 1/4 NW 1/4 Generation of electrical energy

The right granted herein is expressly made inferior in right and subsequent in time to any appropriation of water from this source which may hereafter be made for domestic, municipal, irrigation or any other beneficial consumptive use, or for storage for such purposes, provided further that the project shall be constructed under the supervision of a registered professional engineer, provided further that the permittee shall comply with the provisions of the order of the Water Policy Review Board dated April 4, 1985, and by reference herein made part of this permit, provided further that the permittee must remain qualified as a municipal corporation and that failure to remain qualified or assignment of the permit to a non-municipal corporation will result in cancellation of this permit.

Actual construction work shall begin on or before April 8, 1986, and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 19 87.

Complete application of the water to the proposed use shall be made on or before October 1, 19 88.

Witness my hand this 8th day of April, 19 85

/s/ WILLIAM H. YOUNG
WATER RESOURCES DIRECTOR

NOTE
AMENDMENTS

This permit, when issued, is for the beneficial use of water. By law, the land use associated with this water use must be in compliance with statewide land-use goals and any local acknowledged land-use plan. It is possible that the land use you propose may not be allowed if it is not in keeping with the goals and the acknowledged plan. Your city or county planning agency can advise you about the land-use plan in your area.

AMENDMENT TO PERMIT 49252

On April 8, 1985, Permit 49252 was issued to the City of Portland for the use of 170 cubic feet per second of water from the Bull Run River, tributary of the Sandy River for the development of 9466 theoretical horsepower at the Portland Ground Water Pump Station/Hydropower Generation Project.

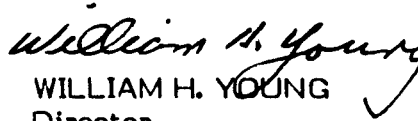

A condition of the permit was compliance with the order of the Water Policy Review Board dated April 4, 1985, which by reference was made part of the permit.

On May 30, 1985, the Water Policy Review Board amended the order dated April 4, 1985, based on a properly filed petition for reconsideration and rehearing.

Permit 49252 should, therefore, be amended to require compliance with the amended order.

Permit 49252 is hereby amended by deleting the words, "... shall comply with the order of the Water Policy Review Board dated April 4, 1985,..." and adding the words, "... shall comply with the amended order of the Water Policy Review Board dated May 30, 1985,..."

Dated this 27th day of August, 1985.

WILLIAM H. YOUNG
Director

SECOND AMENDMENT TO PERMIT 49252

On April 8, 1985, Permit 49252 was issued to the City of Portland for the use of 170 cubic feet per second of water from the Bull Run River, tributary to the Sandy River, for the development of 9,466 theoretical horsepower at the Portland Ground Water Pump Station/Hydropower Generation Project.

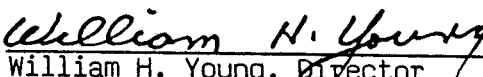

On August 25, 1985, said permit was amended to comply with the amended order of the Water Policy Review Board dated May 30, 1985.

On April 11, 1986, the Water Resources Commission amended the order of the Water Policy Review Board dated May 30, 1985.

Permit 49252 should, therefore, be further amended to require compliance with the amended order.

Permit 49252 is hereby amended by deleting the words, "... shall comply with the amended order of the Water Policy Review Board dated May 30, 1985, ..." and adding the words, "... shall comply with the amended order of the Water Resources Commission dated April 11, 1986, ..."

Dated this 15th day of April, 1986.

William H. Young, Director
Water Resources Department
