This project was considered and approved by the Water Resources Commission on September 21, 1990.

The water user shall install and maintain an in-line flow meter, weir, or other suitable device for measuring and recording the quantity of water diverted to the satisfaction of the watermaster.

Actual construction work shall begin on or before SEPTEMBER 24, 1991, and shall be completed on or before October 1, 1992. Complete application of the water to the use shall be made on or before October 1, 1993.

This permit is for the beneficial use of water without waste. By law, the land use associated with this water use must be in compliance with statewide land-use goals and any local acknowledged land-use plan.

The use granted herein may be made only at times when sufficient water is available to satisfy all prior rights, including rights for maintaining instream flows.

Issued this date, SEPTEMBER 24, 1990.
