

STATE OF OREGON

COUNTY OF COOS

PERMIT TO APPROPRIATE THE PUBLIC WATERS

THIS PERMIT IS HEREBY ISSUED TO

GEORGE DOMENIGHINI
5025 HIGHWAY 101 SOUTH
COOS BAY, OREGON 97420

503-269-0998

to use the waters of AN UNNAMED STREAM, a tributary of ISTHMUS SLOUGH,
for INDUSTRIAL USE.

This permit is issued approving Application 71102. The date of priority is JANUARY 8, 1991. The use is limited to not more than 0.005 CUBIC FOOT PER SECOND, or its equivalent in case of rotation, measured at the point of diversion from the source. The use of water under this permit shall be further limited to the period October 1 through August 31 of each year.

The point of diversion is located as follows:

NE 1/4 NW 1/4, SECTION 23, T 26 S, R 13 W, W.M.; 187.2 FEET SOUTH AND 150 FEET EAST OF THE W 1/16 CORNER BETWEEN SECTIONS 14 AND 23.

The use shall conform to such reasonable rotation system as may be ordered by the proper state officer.

A description of the proposed place of use under this permit is as follows:

NE 1/4 NW 1/4
SECTION 23
TOWNSHIP 26 SOUTH, RANGE 13 WEST, W.M.

Measurement recording and reporting conditions:

- A. The Director may require the permittee to install a meter or other suitable measuring device as approved by the Director. If the Director notifies the permittee to install a meter or other measuring device, the permittee shall install such device within the period stated in the notice. Such installation period shall not be less than 90 days unless special circumstances warrant a shorter installation period. Once installed, the permittee shall maintain the meter or measuring device in good working order and shall allow the watermaster access to the meter or measuring device. The Director may provide an opportunity for the permittee to submit alternative measuring procedures for review and approval.
- B. The Director may require the permittee to keep and maintain a record of the amount (volume) of water used and may require the permittee to report water use on a periodic schedule as established by the Director. In addition, the Director may require the permittee to report general water use information, the periods of water use and the place and nature of use of water under the permit. The Director may provide an opportunity for the permittee to submit alternative reporting procedures for review and approval.

The permittee may be required in the future to install, maintain, and operate a fish screening device as required by the Oregon Department of Fish and Wildlife to prevent fish from entering the proposed diversion.

Actual construction work shall begin on or before June 30, 1996, and shall be completed on or before October 1, 1997. Complete application of the water to the use shall be made on or before October 1, 1998.

Failure to comply with any of the provisions of this permit may result in action including, but not limited to, restrictions on the use, civil penalties, or cancellation of the permit.

This permit is for the beneficial use of water without waste. The water user is advised that new regulations may require the use of best practical technologies or conservation practices to achieve this end.

By law, the land use associated with this water use must be in compliance with statewide land-use goals and any local acknowledged land-use plan.

The use of water allowed herein may be made only at times when sufficient water is available to satisfy all prior rights, including prior rights for maintaining instream flows.

The Director finds that the proposed use(s) of water described by this permit, as conditioned, will not impair or be detrimental to the public interest.

Issued this date, June 30, 1995.

Martha O. Pagel
for Water Resources Department
Martha O. Pagel
Director
