

STATE OF OREGON

COUNTY OF DOUGLAS

PERMIT TO APPROPRIATE THE PUBLIC WATERS

THIS PERMIT IS HEREBY ISSUED TO

TROY W. HICKOK
PO BOX 596
GLIDE, OREGON 97403

503-496-3520

to use the waters of NORTH UMPQUA RIVER, a tributary of UMPQUA RIVER, for DOMESTIC USE EXPANDED FOR ONE HOUSEHOLD.

This permit is issued approving Application 72275. The date of priority is MARCH 25, 1992. The use is limited to not more than 0.01 CUBIC FOOT PER SECOND, or its equivalent in case of rotation, measured at the point of diversion from the source.

The use of water under this permit is allowed year round. However, the use shall be limited to HUMAN CONSUMPTION INCLUDING THE IRRIGATION OF NONCOMMERCIAL GARDEN NOT TO EXCEED ONE-HALF ACRE IN AREA during the period of August 1 through September 30 of each year.

The point of diversion is located as follows:

SE 1/4 SW 1/4, SECTION 9, T 26 S, R 3 W, W.M.; 220 FEET NORTH AND 3320 FEET WEST FROM SE CORNER, SECTION 9.

The use shall conform to such reasonable rotation system as may be ordered by the proper state officer.

A description of the proposed place of use under this permit is as follows:

SE 1/4 SW 1/4
SECTION 9
TOWNSHIP 26 SOUTH, RANGE 3 WEST, W.M.

Measurement, recording and reporting conditions:

- A. Before water use may begin under this permit, the permittee shall install a meter or other suitable measuring device as approved by the Director. The permittee shall maintain the meter or measuring device in good working order, shall keep a complete record of the rate and volume of water used each month and shall submit a report which includes the recorded water use measurements to the Department annually or more frequently as may be required by the Director. Further, the permittee shall report general water use information, including the periods of water use and the place and nature of use of water under the permit.
- B. The permittee shall allow the watermaster access to the meter or measuring device; provided however, where the meter or measuring device is located within a private structure, the watermaster shall request access upon reasonable notice.

The permittee shall install, maintain, and operate fish screening and by-pass devices as required by the Oregon Department of Fish and Wildlife to prevent fish from entering the proposed diversion. The required screens and by-pass devices are to be in place and functional before water use is initiated under the permit. The permittee shall complete the ODFW self-certification form and submit it to the Water Resources Department as proof of compliance with this condition before water use is initiated under the permit.

Actual construction work shall begin on or before September 26, 1996 and shall be completed on or before October 1, 1997. Complete application of the water to the use shall be made on or before October 1, 1998.

Failure to comply with any of the provisions of this permit may result in action including, but not limited to, restrictions on the use, civil penalties, or cancellation of the permit.

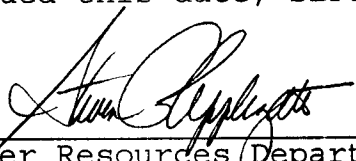

This permit is for the beneficial use of water without waste. The water user is advised that new regulations may require the use of best practical technologies or conservation practices to achieve this end.

By law, the land use associated with this water use must be in compliance with statewide land-use goals and any local acknowledged land-use plan.

The use of water allowed herein may be made only at times when sufficient water is available to satisfy all prior rights, including rights for maintaining instream flows.

The Director of the Water Resources Department has found that the proposed use of water described by this permit, as conditioned, will not impair or be detrimental to the public interest.

Issued this date, SEPTEMBER 26, 1995.

for Water Resources Department
Martha O. Pagel
Director
