of Haines (Postoffice), County of Baker, State of Oregon, do hereby make application for a permit to appropriate the following described public waters of the State of Oregon subject to existing rights:

If the applicant is a corporation, give date and place of incorporation

1. The source of the proposed appropriation is Hunt Creek, (Name of stream)

tributary of Willow Creek, a tributary of Powder River

2. The amount of water which the applicant intends to apply to beneficial use is One and one-fourth cubic feet per second.

3. The use to which the water is to be applied is Irrigation, being a supplemental supply for lands already having a partial water right, & stock water. (Irrigation, power, mining, manufacturing, domestic supplies, etc.)

4. The point of diversion is located On the South bank of Hunt Creek and in the SE 1/4 of the SW 1/4 of Section 13, Township 8, South, Range 38 E.W.M., in Baker County, Oregon, from which said point the Northeast corner of said forty acre-tract is Northeast for a distance of 1152 feet and at an angle of 65 degrees.

being within the SE 1/4 of SW 1/4 of Sec. 13, Tp. 8 S, R. 38 E, Baker, W. M., in the county of Baker (No. E. or W.) (No. N. or S.)

5. The main ditch to be not over half mile in length, terminating in the NE 1/4 SE 1/4 of Sec. 13, Tp. 8 S, R. 38 E, W. M., the proposed location being shown throughout on the accompanying map. (Main ditch, canal or pipe line) (Smallest legal subdivision) (No. E. or W.) (No. N. or S.)

6. The name of the ditch, canal or other works is Masters Ditch.

DESCRIPTION OF WORKS

DIVERSION WORKS—

7. (a) Height of dam, feet, length on top feet, length at bottom feet; material to be used and character of construction Small dirt dams to throw water out. (Loose rock, concrete, masonry, rock and brush, timber crib, etc., wasteway over or around dam)

(b) Description of headgate Is small creek that goes nearly dry. No headgate required. (Timber, concrete, etc., number and size of openings)

* A different form of application is provided where storage works are contemplated. These forms can be secured without charge, together with instructions, by addressing the State Engineer, Salem, Oregon.

CANAL SYSTEM—

8. (a) Give dimensions at each point of canal where materially changed in size, stating miles from headgate. At headgate: Width on top (at water line) 2 feet; width on bottom 1 1/2 feet; depth of water 1 feet; grade feet fall per one thousand feet.

(b) At miles from headgate. Width on top (at water line) feet; width on bottom feet; depth of water feet; grade feet fall per one thousand feet.

FILL IN THE FOLLOWING INFORMATION WHERE THE WATER IS USED FOR:

IRRIGATION—

9. The land to be irrigated has a total area of 145 acres, located in each smallest legal subdivision, as follows:

(Give area of land in each smallest legal subdivision which you intend to irrigate)

This is supplemental only, as water supply is from Pine Creek, thro Williams Ditch. Supply will supplement

about 4 A= in SE 1/4 NW 1/4

about 30 Acres in SW 1/4 NE 1/4,

about 40 a. in SE 1/4 NE 1/4,

about 40 acres in NE 1/4 SE 1/4 and

about 31 A. in NW 1/4 SE 1/4, Said Sec. 13, Tp. 8 S R 38 E.W.M.

(If more space required, attach separate sheet)

POWER, MINING, MANUFACTURING, OR TRANSPORTATION PURPOSES—

10. (a) Total amount of power to be developed theoretical horsepower.

(b) Total fall to be utilized feet. (Head)

(c) The nature of the works by means of which the power is to be developed

(d) Such works to be located in of Sec. (Legal subdivision)

Tp. (No. N. or S.), R. (No. E. or W.), W. M.

(e) Is water to be returned to any stream? (Yes or No)

(f) If so, name stream and locate point of return

, Sec. (No. N. or S.), Tp. (No. N. or S.), R. (No. E. or W.), W. M.

(g) The use to which power is to be applied is

(h) The nature of the mines to be served

SUPPLEMENTAL STATEMENT TO ACCOMPANY APPLICATION NO. 8977 of B. PHILLIPS, HAINES,
Oregon, AND APPLICATION NO. 9118 OF HULDA MASTERS et al., OF HAINES, OREGON.

Hunt Creek is a very small stream and rises just West of and above the lands of B. Phillips; it then crosses his lands and then passes upon the lands of Hulda Masters et al. Applicants are the only parties interested in the waters of this stream. Some question has arisen between them with reference to the right to the use of these waters. This question has been settled as follows:

B. Phillips shall take no water from Hunt Creek, proper, until Hulda Masters et al. begin to use water out of the Williams Ditch from Pine Creek.

When Hulda Masters et al. begin to use the waters of this Williams Ditch, Phillips may then use all the water from Hunt Creek excepting such as shall be necessary for stock water upon the lands of Hulda Masters et al., it being understood and agreed that this provision as to stock water shall apply only when no water is available in said Williams Ditch for that purpose.

It is further agreed that if at any time the water flowing naturally in Hunt Creek will not reach the lands of Hulda Masters et al, then said Phillips may use all said waters.

It is further agreed that the said B. Phillips shall at all times have the right to take and use the waters of all warm springs rising upon his land, said waters being considered no part of the waters of Hunt Creek.

This supplemental statement shall accompany application No. 8977, and Application No. 9118, and shall be deemed a part of each such application.

State Engineer.

\$13.00

STATE OF OREGON,) ss. County of Marion,

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions: If for irrigation, this appropriation shall be limited to one-eightieth of one cubic foot per second, or its equivalent, for each acre irrigated, and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The right herein granted is limited to the appropriation of water from Hunt Creek for irrigation purposes, being a supplemental supply for lands already having a partial water right.

The amount of water appropriated shall be limited to the amount which can be applied to beneficial use and not to exceed 1.25 cubic feet per second, or its equivalent in case of rotation. The priority date of this permit is October 3, 1923.

Actual construction work shall begin on or before November 10th, 1924. and shall thereafter be prosecuted with reasonable diligence and be completed on or before June 1, 1925

Complete application of the water to the proposed use shall be made on or before October 1, 1926.

WITNESS my hand this 10th day of November, 1923.

Rhea Luber.

State Engineer.

Permits for power development are subject to the limitation of franchise as provided in Section 5728, Oregon Laws, and the payment of annual fees as provided in Section 5803, Oregon Laws.
