Remarks: The reason for not taking out a water right before was that
..... a party took out the whole creek and ran it across a divide

..... was no water in Tartar Creek. Now I want 3 second feet in the
..... winter, as this is a dry creek in summer, but I will let the
..... water run in its natural course to be used for about 800
..... feet on my own ground, and returned to Althouse Creek on my
..... own ground to be used for sluicing in the creek without
..... any turnouts.
