STATE OF OREGON,) ss. County of Marion,

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions: If for irrigation, this appropriation shall be limited to one-eightieth of one cubic foot per second, or its equivalent, for each acre irrigated, and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The right herein granted is limited to the appropriation of water from Deer Creek for irrigation purposes, and for development of eight theoretical horsepower; and the right acquired by this appropriation for power development shall be, is deemed to be, and is hereby expressly made subsequent in right and time to any appropriations of water which may hereafter be made at points above on Deer Creek and its tributaries for irrigation or storage purposes.

The amount of water appropriated shall be limited to the amount which can be applied to beneficial use and not to exceed 7.2 cubic feet per second, or its equivalent in case of rotation. The priority date of this permit is May 11, 1925.

Actual construction work shall begin on or before May 29, 1926, and shall thereafter be prosecuted with reasonable diligence and be completed on or before June 1, 1927

Complete application of the water to the proposed use shall be made on or before October 1, 1928.

WITNESS my hand this 29th day of May, 1925.

Rhea Luper,

State Engineer.

Permits for power development are subject to the limitation of franchise as provided in Section 5728, Oregon Laws, and the payment of annual fees as provided in Section 5803, Oregon Laws.
