

APPLICATION FOR A PERMIT

To appropriate the Public Waters of the State of Oregon

I, Florence Prowell, (Name of Applicant) Baker (Postoffice) Baker County of Oregon, do hereby make application for a permit to appropriate the following described public waters of the State of Oregon subject to existing rights:

If the applicant is a corporation, give date and place of incorporation

1. The source of the proposed appropriation is Waste and seepage waters from other ditches and reservoirs appropriating from Powder River (See plats filed herewith) Snake River tributary of

2. The amount of water which the applicant intends to apply to beneficial use is two cubic feet per second.

3. The use to which the water is to be applied is Irrigation, being a supplemental supply for lands already having a partial water right. See Remarks.

4. The point of diversion is located Wisdom Chambers diverts from Powder River in SW 1/4 NW 1/4 Section 9 T 9 S R 40 E. Prowell Ditch is a continuation of the Wisdom Chambers' Ditch from Powder River.

being within the SW 1/4 NW 1/4 of Sec. 9, Tp. 9 S, R. 40 E, W. M., in the county of Baker

5. The ditch to be two and one-half (2 1/2) miles in length, terminating in the NW 1/4 NE of Sec. 25, Tp. 8 S, R. 40 E=

6. The name of the ditch, canal or other works is Prowell Ditch, which is a continuation of Wisdom Chambers' Ditch.

DESCRIPTION OF WORKS

DIVERSION WORKS—

7. (a) Height of dam feet, length on top feet, length at bottom feet; material to be used and character of construction

(b) Description of headgate (Timber, concrete, etc., number and size of openings)

\* A different form of application is provided where storage works are contemplated. These forms can be secured without charge, together with instructions, by addressing the State Engineer, Salem, Oregon.

CANAL SYSTEM—

8. (a) Give dimensions at each point of canal where materially changed in size, stating miles from headgate. At headgate: Width on top (at water line) ..... feet; width on bottom ..... feet; depth of water ..... feet; grade ..... feet fall per one thousand feet.

(b) At ..... miles from headgate. Width on top (at water line) ..... feet; width on bottom ..... feet; depth of water ..... feet; grade ..... feet fall per one thousand feet.

FILL IN THE FOLLOWING INFORMATION WHERE THE WATER IS USED FOR:

IRRIGATION—

9. The land to be irrigated has a total area of forty (40) ..... acres, located in each smallest legal subdivision, as follows: NW NE 25-8-40

(Give area of land in each smallest legal subdivision which you intend to irrigate)

This water to be used as a supplemental supply to the water right transferred to the same land upon petition of Henry Donovan, heretofore filed and granted.

(If more space required, attach separate sheet)

POWER, MINING, MANUFACTURING, OR TRANSPORTATION PURPOSES—

10. (a) Total amount of power to be developed ..... theoretical horsepower.

(b) Total fall to be utilized ..... feet. (Head)

(c) The nature of the works by means of which the power is to be developed .....

(d) Such works to be located in ..... of Sec. ...., Tp. ...., R. ...., W. M. (Legal subdivision) (No. N. or S.) (No. E. or W.)

(e) Is water to be returned to any stream? ..... (Yes or No)

(f) If so, name stream and locate point of return ..... Sec. ...., Tp. ...., R. ...., W. M. (No. N. or S.) (No. E. or W.)

(g) The use to which power is to be applied is .....

(h) The nature of the mines to be served .....

MUNICIPAL SUPPLY—

11. To supply the city of .....  
..... County, having a present population of .....  
(Name of)  
and an estimated population of ..... in 19.....

(Answer questions 12, 13, 14 and 15 in all cases)

- 12. Estimated cost of proposed works, \$.....
- 13. Construction work will begin on or before .....
- 14. Construction work will be completed on or before .....
- 15. The water will be completely applied to the proposed use on or before .....

Duplicate maps of the proposed ditch or other works, prepared in accordance with the rules of the State Water Board, accompany this application.

Florence Prowell.

(Name of applicant)

c/o Frank C. McColloch, Baker, Oregon.

Signed in the presence of us as witnesses:

- (1) Frank C. McColloch Baker, Oregon.  
(Name) (Address of Witness)
- (2) Albertha Chattham Baker, Oregon.  
(Name) (Address of Witness)

Remarks: Reference is had to the maps filed herewith. It will be noted that the Prowell Ditch begins at a point approximately two hundred (200) yards North of the center of Section 2-9-40, and is a continuation of the Wisdom-Chambers Ditch. The Prowell Ditch is used to carry the waters originally owned by Henry Donovan, as successor in interest of G. L. Huffman, and diverts water from the main stream of Powder River for use upon the W $\frac{1}{2}$  NE and the SE NE 25-8-40, with a date of priority of April 24, 1885. This application is filed for supplemental water rights for the NW NE, same section, range, and township, to get the early Spring waters and flood waters which flow naturally into the Prowell Ditch from lands in Sections 1, 2 and 11-9-40, and 36-8-40. In the early Spring the melting snows and seepage water from the ditches on the higher lands in said sections flow Northerly and Westerly into the Prowell Ditch.

STATE OF OREGON, }  
County of Marion, } ss.

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for correction or completion, as follows:

In order to retain its priority, this application must be returned to the State Engineer, with corrections, on or before .....

WITNESS my hand this ..... day of .....

State Engineer.

\$8.00

STATE OF OREGON, )
County of Marion, ) ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions: If for irrigation, this appropriation shall be limited to one-eightieth of one cubic foot per second, or its equivalent, for each acre irrigated, and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The right herein granted is limited to the appropriation of waste and seepage water for supplemental supply for irrigation of lands already having a partial water right, and is also limited to the water available at the proposed point of diversion and does not carry with it the right to divert water from the stream from which the waste water is diverted nor the right to require the wasteful use of water by others.

The amount of water appropriated shall be limited to the amount which can be applied to beneficial use and not to exceed 0.5 cubic feet per second, or its equivalent in case of

rotation. The priority date of this permit is March 4, 1925.

Actual construction work shall begin on or before August 17, 1926. and shall thereafter be prosecuted with reasonable diligence and be completed on or before June 1, 1927

Complete application of the water to the proposed use shall be made on or before October 1, 1928

WITNESS my hand this 17th day of August, 1925. Rhea Luper,

State Engineer.

Permits for power development are subject to the limitation of franchise as provided in Section 5728, Oregon Laws, and the payment of annual fees as provided in Section 5303, Oregon Laws.
