(c) The nature of the works by means of which the power is to be developed

(d) Such works to be located in of Sec. (Legal subdivision)

Tp., R., W. M. (No. N. or S.) (No. E. or W.)

(e) Is water to be returned to any stream? (Yes or No)

(f) If so, name stream and locate point of return Sec., Tp., R., W. M. (No. N. or S.) (No. E. or W.)

(g) The use to which power is to be applied is

(h) The nature of the mines to be served

MUNICIPAL SUPPLY—

11. To supply the city of _____
_____ County, having a present population of _____
(Name of)
and an estimated population of _____ in 192_____

(Answer questions 12, 13, 14, and 15 in all cases)

12. Estimated cost of proposed works, \$ 500.00

13. Construction work will begin on or before _____ One year from date of approval.

14. Construction work will be completed on or before _____ Two years from date of approval.

15. The water will be completely applied to the proposed use on or before _____
_____ Three years from date of approval

Duplicate maps of the proposed ditch or other works, prepared in accordance with the rules of the State Engineer, accompany this application.

W. Frank Crawford,

(Name of applicant)

Signed in the presence of us as witnesses:

(1) Percy A. Cupper,
(Name)

Salem, Oregon.

(Address of witness)

(2) Robert J. Simpson,
(Name)

" "

(Address of witness)

Remarks: A one and one-half inch pipeline has been laid from one of the springs to the house and prune dryer and is now in operation. It is proposed to build a concrete cistern at this spring and to divert the waters of the other spring into the pipeline and later to increase the size of the pipeline as the demand for the water increases.

The point of termination and the land to be irrigated is described as being in the south half of the Northwest quarter of Section 36, as the house, prune dryer and land to be irrigated are all located on the above described land.

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for correction or completion, as follows: _____

In order to retain its priority, this application must be returned to the State Engineer, with corrections, on or before _____, 192_____.

WITNESS my hand this _____ day of _____, 192_____.

STATE ENGINEER.

\$8.30

STATE OF OREGON, } ss. County of Marion, }

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions: If for irrigation, this appropriation shall be limited to one-eightieth of one cubic foot per second, or its equivalent, for each acre irrigated, and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The right herein granted is limited to the appropriation of water from springs located in the SE 1/4 SE 1/4 Section 35 Township 6 South, Range 4 West, W.M., for irrigation and domestic purposes, including operation of prune dryer.

The amount of water appropriated shall be limited to the amount which can be applied to beneficial use and not to exceed 0.25 cubic feet per second, or its equivalent in case of rotation. The priority date of this permit is January 14, 1926.

Actual construction work shall begin on or before January 26, 1927 and shall thereafter be prosecuted with reasonable diligence and be completed on or before June 1, 1928

Complete application of the water to the proposed use shall be made on or before October 1, 1928

WITNESS my hand this 26 day of January, 1926

Rhea Luper, STATE ENGINEER.

Permits for power development are subject to the limitation of franchise as provided in Section 5728, Oregon Laws, and the payment of annual fees as provided in Section 5803, Oregon Laws.
