This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions: If for irrigation, this appropriation shall be limited

to one-eightieth of one cubic foot per second, or its equivalent, for each acre irrigated, and shall be subject to such reasonable rotation system as may be ordered by the proper state officer. The right herein granted is limited to the appropriation of flood and waste water from Wolf Run Ditch for irrigation purposes, and the right herein allowed is also limited to the water available at the proposed point of diversion and does not carry with it the right to divert water from the source from which the waste water is derived, nor the right to require the wasteful use of water by others.

The amount of water appropriated shall be limited to the amount which can be applied to beneficial use and not to exceed 0.25 cubic feet per second, or its equivalent in case of

rotation. The priority date of this permit is January 15, 1926.

Actual construction work shall begin on or before January 26, 1927 and shall thereafter be prosecuted with reasonable diligence and be completed on or before

June 1, 1928

Complete application of the water to the proposed use shall be made on or before

October 1, 1929

WITNESS my hand this 26 day of January, 1926
