STATE OF OREGON, } ss. County of Marion, }

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions: If for irrigation, this appropriation shall be limited to one-eightieth of one cubic foot per second, or its equivalent, for each acre irrigated, and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The right herein granted is limited to the appropriation of waste water from the southwest quarter of southwest quarter of Section 19, Township 9 South, Range 46 East W.M., for supplemental supply for irrigation of lands already having a partial water right; and is also limited to the water available at the proposed point of diversion and does not carry with it the right to divert water from the source from which the waste water is derived, nor the right to require the wasteful use of water by others.

The amount of water appropriated shall be limited to the amount which can be applied to beneficial use and not to exceed 0.13 cubic feet per second, or its equivalent in case of rotation. The priority date of this permit is September 10, 1924.

Actual construction work shall begin on or before February 27, 1927 and shall thereafter be prosecuted with reasonable diligence and be completed on or before June 1, 1928

Complete application of the water to the proposed use shall be made on or before October 1, 1929

WITNESS my hand this 27th day of February, 1926 Rhea Luper,

STATE ENGINEER.

Permits for power development are subject to the limitation of franchise as provided in Section 5728, Oregon Laws, and the payment of annual fees as provided in Section 5803, Oregon Laws.
