Remarks: _____
The reason of this filing, there has been a 4" inch pipe placed in the creek just above the intake of the school's pipe line, and in the fall there is not sufficient water for the school, if the 4" inch line is allowed to take all of the stream flow, which at that time is just sufficient for the school needs.
It is the understanding of the Chairman of the School Board that the owner of the 4" inch pipe line, S. O. Jones, has never made a filing on this stream.
