APPLICATION FOR A PERMIT

ENTIFICATE NO. 8434

To Appropriate the Public Waters of the State of Oregon

1	Charles A. Gosson
,	(Name of applicant) R. D. #2, The Dalles, County of Wasco
	(I OSCILICO)
State of	Oregon , do hereby make application for a permit to appropriate the
following	described public waters of the State of Oregon, subject to existing rights:
If	the applicant is a corporation, give date and place of incorporation
-,	Unnamed small spring in Lot 3, 12 10 of
	Sec. 32, Tp. 1 N. R. 12 E.W.M. (Vacant U.S. The source of the proposed appropriation is Land) and the spring flow in dry her evaporates before reaching (Name of stream) flowing stream , tributary of
2.	The amount of water which the applicant intends to apply to beneficial use is
	.025 cubic feet per second. (1 miner's inch)
3.	The use to which the water is to be applied is Primarily domestic and stock use, wi
	(Irrigation, power, mining, manufacturing, domestic supplies, etc.) arplus for irrigation of garden of less than 2 acres
	The moint of diversion is located at spring 150 feet south and 1760 feet east of
4.	The point of diversion is located at spring 150 feet south and 1760 feet east of [Give distance and bearing to section corner] IW corner of Sec. 32 Tp. 1 N. R. 12 E. J. M.
	I'm corner or see. of the r. is see.
being wi	thin the No. 1 No.
R.	2 E Wasco Wasco
	The pipeline of 3/4 inch pipe to be 1600 feet
lah 11 be in	(Main ditch, canal or pipe line) length, terminating in the SVZ SEZ of Sec. 29 , Tp. 1 N (No. N. or S.)
$R = \frac{12}{R}$	(Smallest legal subdivision) (No. N. or S.) W. M., the proposed location being shown throughout on the accompanying map.
	E, or W.)
6.	The name of the ditch, canal or other works is
	Gosson Spring Water Supply
	DESCRIPTION OF WORKS * See NO. 9.
Diversio	n Works
7.	(a) Height of dam feet, length on top feet, length at bottom
	feet; material to be used and character of construction
rock and b	rush, timber erib, etc., wasteway over or around dam)
(1	D) Description of headgate
	·

^{*}A different form of application is provided where storage works are contemplated. These forms can be secured without charge, together with instructions, by addressing the State Engineer, Salem, Oregon,

CANAL SYSTEM—

rom headgate. At headgate: Width on top (at	water line)	jeet, wiath on oottom
feet; depth of water	feet; grade	feet fall per one
housand feet.		
(b) At miles from headge	ate: Width on top (at wate	r line)
feet; width on bottom	feet; depth of	waterfeet;
rade feet fall per one thousa	and feet.
