APPLICATION FOR A PERMIT

CERTIFICATE NO. 9137

To appropriate the Public Waters of the State of Oregon

I, Noah W. Bone (Name of applicant) of R. 2 Hood River (Postoffice), County of Hood River, State of Oregon, do hereby make application for a permit to appropriate the following described public waters of the State of Oregon, subject to existing rights:

If the applicant is a corporation, give date and place of incorporation Not a corporation

1. The source of the proposed appropriation is a spring-swamp on the land owned by this applicant, tributary of drainage towards Hood River

2. The amount of water which the applicant intends to apply to beneficial use is 6/80 (additional) cubic feet per second.

3. The use to which the water is to be applied is Irrigation (Irrigation, power, mining, manufacturing, domestic supplies, etc.)

4. The point of division is located about 750 feet south and 500 feet west of northeast corner of the southeast quarter of the northeast quarter of Sec. 2, 1 N. 10 EWM

being within the SE 1/4 of NE 1/4 of Sec. 2, Tp. 1 North, R. 10 East of W. M., in the county of Hood River, Oregon

5. The small ditches and flumes to be possible 1/4 miles in length, terminating in the SE 1/4 of NE 1/4 of Sec. 2, Tp. 1 North, R. 10 East of W. M., the proposed location being shown throughout on the accompanying map.

6. The name of the ditch, canal or other works is Bone ditches

DESCRIPTION OF WORKS

DIVERSION WORKS— Water is gathered together by means of a string of about 400 feet of tile, leading to a concrete box about 6 by 6 by 6 feet in size; and below and across the line of drainage is an earth dam about 4 to 5 feet high and about 60 feet long, behind which the collected waters are impounded; waters are led out from both the concrete box and the dam.

(b) Description of heddgate See above

* A different form of application is provided where storage works are contemplated. These forms can be secured without charge, together with instructions, by addressing the State Engineer, Salem, Oregon.

CANAL SYSTEM— Water is led by a 2-inch pipe from the concrete box to the house and grounds of this applicant, and beyond to the house and grounds of Nels O. Hagen, where it is

8. (a) Give dimensions at each point of canal where materially changed in size, stating miles used for domestic uses, and for sprinkling lawns and for live stock; for irrigation it is and from headgate. At headgate: Width on top (at water line) feet; width on bottom will be led in small ditches and flumes of sufficient size to carry enough to irrigate the feet; depth of water feet; grade feet fall per one small patches shown on the map. thousand feet.

(b) At miles from headgate: Width on top (at water line) feet; width on bottom feet; depth of water feet; grade feet fall per one thousand feet.

FILL IN THE FOLLOWING INFORMATION WHERE THE WATER IS USED FOR

IRRIGATION—

9. The land to be irrigated has a total area of 6 in all acres, located in each smallest legal subdivision, as follows: All in the SE¹ of NE¹ of Sec. 2, Twp. 1 N., R. 10 E. W. M. (Give area of land in each smallest legal subdivision which you intend to irrigate)

NOTE: This application is for water to irrigate 6 additional acres, from the same source; and is in addition to the right of this applicant for irrigation and domestic use granted him by the decree of the Circuit Court of Hood River County based upon the Findings of Fact and Order of Determination of the State Water Board of Oregon, filed in the Circuit Court on October 24, 1921. The purpose is to improve the system now in use, and repair and extend the same, so as to make more efficient and complete use of all of the waters of this spring-swamp all of which rise and will be used entirely on the lands of applicant, above described, except that used by Nels O. Hagen for domestic use and for sprinkling lawns, above mentioned.

(If more space required, attach separate sheet)

POWER, MINING, MANUFACTURING, OR TRANSPORTATION PURPOSES—

10. (a) Total amount of power to be developed theoretical horsepower.

(b) Total fall to be utilized feet. (Head)

(c) The nature of the works by means of which the power is to be developed

(d) Such works to be located in of Sec. (Legal subdivision)

Tp., R., W. M. (No. N. or S.) (No. E. or W.)

(e) Is water to be returned to any stream? (Yes or No)

(f) If so, name stream and locate point of return

....., Sec., Tp., R., W. M. (No. N. or S.) (No. E. or W.)

(g) The use to which power is to be applied is

(h) The nature of the mines to be served

MUNICIPAL SUPPLY—

11. To supply the city of _____
_____ County, having a present population of _____
(Name of)
and an estimated population of _____ in 192_____

(Answer questions 12, 13, 14, and 15 in all cases)

- 12. Estimated cost of proposed works, \$ 300.00
- 13. Construction work will begin on or before Spring of 1928
- 14. Construction work will be completed on or before 2 years
- 15. The water will be completely applied to the proposed use on or before
2 years

Duplicate maps of the proposed ditch or other works, prepared in accordance with the rules of the State Engineer, accompany this application.

STATE OF OREGON, } ss. County of Marion, }

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions: If for irrigation, this appropriation shall be limited to one-eightieth of one cubic foot per second, or its equivalent, for each acre irrigated, and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The right herein granted is limited to the appropriation of the unappropriated water for irrigation purposes from a spring-swamp situated in the SE 1/4, Section 2, Township 1 North, Range 10 East, W.M., and particularly to that portion of the water not appropriated under Permit No. 8162 by H. E. Jarvis, et al

The amount of water appropriated shall be limited to the amount which can be applied to beneficial use and not to exceed 0.08 cubic feet per second, or its equivalent in case of rotation. The priority date of this permit is 8:00 A.M. August 23, 1927

Actual construction work shall begin on or before September 24, 1928 and shall thereafter be prosecuted with reasonable diligence and be completed on or before June 1, 1929

Complete application of the water to the proposed use shall be made on or before October 1, 1930

WITNESS my hand this 24th day of September, 1927

R H E A L U P E R STATE ENGINEER.

Permits for power development are subject to the limitation of franchise as provided in Section 5728, Oregon Laws, and the payment of annual fees as provided in Section 5803, Oregon Laws.
