Remarks: This water has been used on this place as flood or early  
season irrigation water for a good many years and was at one time filed on by  
our predecessors in interest and a permit issued. However it now appears that  
this permit was never completed so that a certificate could be issued and we are  
initiating this right in order to protect what we have been using and what we  
understood we already owned.

Original Permit was in name of Fred Gilfke of Walla Walla, Wash.  
No. 2135 but only part of Permit was completed and Water Right Certificate covers  
only 14 acres and this land is in the E<sup>1</sup>/<sub>4</sub> of NE<sup>1</sup>/<sub>4</sub> SE<sup>1</sup>/<sub>4</sub> Sec. 26, Tp. 6 N, R. 35 E.
