

APPLICATION FOR A PERMIT

To appropriate the Public Waters of the State of Oregon

I, C. B. Zeek (Name of applicant) of Bandon (Postoffice), County of Coos, State of Oregon, do hereby make application for a permit to appropriate the following described public waters of the State of Oregon, subject to existing rights:

If the applicant is a corporation, give date and place of incorporation

1. The source of the proposed appropriation is Polly Creek (Name of stream), tributary of Cut Creek

2. The amount of water which the applicant intends to apply to beneficial use is 0.5 cubic feet per second, being all of the water in creek

3. The use to which the water is to be applied is Mining and domestic (Irrigation, power, mining, manufacturing, domestic supplies, etc.)

4. The point of division is located S. 45° 59' w., 1060 feet from the quarter corner (Give distance and bearing to section corner) between Sections 28 and 33 in Township 27 S., R. 14 W., W.M., Coos County, Oregon and about 140 feet above where Polly Creek joins Cut Creek

being within the NE 1/4 of the NW 1/4 of Sec. 33, Tp. 27 S., R. 14 W., W. M., in the county of

5. The Flume (Main ditch, canal or pipe line) to be 1050 feet.

miles in length, terminating in the NE 1/4 of NW 1/4 of Sec. 33, Tp. 27 S., R. 14 W., W. M., the proposed location being shown throughout on the accompanying map.

6. The name of the ditch, canal or other works is Polly Creek Flume

DESCRIPTION OF WORKS

DIVERSION WORKS—

7. (a) Height of dam eight feet, length on top forty feet, length at bottom forty feet; material to be used and character of construction Timber and earth (Loose rock, concrete, masonry, rock and brush, timber crib, etc., wasteway over or around dam)

(b) Description of heddgate Open earthen flume eighty feet long terminating in seven inch by six inch wood flume with a six inch by six inch side spillway also a three inch iron pipe leads from dam to hyd. ram.

\* A different form of application is provided where storage works are contemplated. These forms can be secured without charge, together with instructions, by addressing the State Engineer, Salem, Oregon.

CANAL SYSTEM—

8. (a) Give dimensions at each point of canal where materially changed in size, stating miles from headgate. At headgate: Width on top (at water line) two feet; width on bottom 1.5 feet; depth of water 0.25 feet; grade 2.5 feet fall per one thousand feet.

(b) At 80 ft. miles from headgate: Width on top (at water line) seven inches feet; width on bottom seven inches feet; depth of water 3 to 4 inches feet; grade 2.5 feet fall per one thousand feet.

970 feet of the canal system consists of an elevated wood flume 7" wide inside with six inch high sides, Bottom is 2 inch and sides one inch thick finished lumber.

FILL IN THE FOLLOWING INFORMATION WHERE THE WATER IS USED FOR IRRIGATION—

9. The land to be irrigated has a total area of acres, located in each smallest legal subdivision, as follows: (Give area of land in each smallest legal subdivision which you intend to irrigate)

Multiple horizontal dashed lines for recording irrigation area data.

(If more space required, attach separate sheet)

POWER, MINING, MANUFACTURING, OR TRANSPORTATION PURPOSES—

10. (a) Total amount of power to be developed theoretical horsepower.

(b) Total fall to be utilized feet. (Head)

(c) The nature of the works by means of which the power is to be developed

(d) Such works to be located in of Sec. (Legal subdivision)

Tp. (No. N. or S.), R. (No. E. or W.), W. M.

(e) Is water to be returned to any stream? Yes (Yes or No)

(f) If so, name stream and locate point of return Cut Creek 900 feet below Polly Creek

, Sec. 35, Tp. 27 S., R. 14 W., W. M. (No. N. or S.) (No. E. or W.)

(g) The use to which power is to be applied is

(h) The nature of the mines to be served Placer

MUNICIPAL SUPPLY—

11. To supply the city of .....  
..... County, having a present population of .....  
(Name of) .....  
and an estimated population of ..... in 192.....

(Answer questions 12, 13, 14, and 15 in all cases)

- 12. Estimated cost of proposed works, \$ 1000.00 .....
  - 13. Construction work will begin on or before Has been completed .....
  - 14. Construction work will be completed on or before Has been completed .....
  - 15. The water will be completely applied to the proposed use on or before .....
- .....  
Is already being completely applied .....

Duplicate maps of the proposed ditch or other works, prepared in accordance with the rules of the State Engineer, accompany this application. and are herewith enclosed

.....

- (2) W. Burpee .....  
(Name) ..... (Address of witness)

Remarks: Most of the water is being carried by flume for mining purposes.....  
on Cut Creek and later it is desired to use same on the Eagle Mine located about  
1/4 mile NE of point of diversion. A small amount of this water is also now  
being used for domestic purposes at the camp located a couple of hundred feet  
SW of point of diversion. For this purpose an hydraulic ram is operating a  
short distance below the dam and is elevating the water to 500 gal. steel tank  
located on the hill back of camp. The above water has been used in the past for  
mining as part of the old Eagle Mine ditch and canal system and also belongs to  
present system under permit to M. J. Zeek.

STATE OF OREGON, }  
                          } ss.  
County of Marion, }

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for correction or completion, as follows: .....

In order to retain its priority, this application must be returned to the State Engineer, with corrections, on or before ....., 192.....

WITNESS my hand this ..... day of ....., 192.....

STATE ENGINEER.

17-p.397 e.

STATE OF OREGON, } ss. County of Marion, }

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions: If for irrigation, this appropriation shall be limited to one-eightieth of one cubic foot per second, or its equivalent, for each acre irrigated, and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The right herein granted is limited to the appropriation of water from Polly Creek for mining and domestic purposes.

The amount of water appropriated shall be limited to the amount which can be applied to beneficial use and not to exceed 0.5 cubic feet per second, or its equivalent in case of rotation. The priority date of this permit is May 10, 1928

Actual construction work shall begin on or before May 28, 1929 and shall thereafter be prosecuted with reasonable diligence and be completed on or before June 1, 1930

Complete application of the water to the proposed use shall be made on or before October 1, 1931

WITNESS my hand this 28th day of May, 1928

R.H.E.A. L.U.P.E.R. STATE ENGINEER

Permits for power development are subject to the limitation of franchise as provided in Section 5728, Oregon Laws, and the payment of annual fees as provided in Section 5803, Oregon Laws.
