Remarks:

The hills along this unnamed stream are nearly perpendicular until it reaches the 1/2 acres in Sec. 16 where one side (North) is very steep further down the South side becomes steep. The stream is likely to go dry at intake of ditch but always hot water above and below intake. I do not know the amount of water to be used but would like to use all that is available.

STATE OF OREGON, } ss. County of Marion, }

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions: If for irrigation, this appropriation shall be limited to one-eightieth of one cubic foot per second, or its equivalent, for each acre irrigated, and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The right herein granted is limited to the appropriation of water from An Unnamed Stream for irrigation purposes.

The amount of water appropriated shall be limited to the amount which can be applied to beneficial use and not to exceed 0.04 cubic feet per second, or its equivalent in case of rotation. The priority date of this permit is July 17, 1928.

Actual construction work shall begin on or before August 3, 1929 and shall thereafter be prosecuted with reasonable diligence and be completed on or before June 1, 1930

Complete application of the water to the proposed use shall be made on or before October 1, 1931

WITNESS my hand this 3rd day of August, 1928.

R. H. E. A. L. U. P. E. R.

STATE ENGINEER.

Permits for power development are subject to the limitation of franchise as provided in Section 5728, Oregon Laws, and the payment of annual fees as provided in Section 5803, Oregon Laws.
