	to the buildings on our land for many years.
The springs are very small and have dri	ed up completely for about 3 months during the
last two summers, owing to the extremel	y dry seasons and we are desirous of digging
deeper and connecting several of the sp	rings together in order to get sufficient water
for our stock and also domestic purpose	es, and did not wish to go to the expense of
same without having a legal permit to d	lo so.
