

To Appropriate the Public Waters of the State of Oregon

I, Oscar Anderson (Name of applicant)
of Denio (Postoffice), County of Harney,
State of Oregon, do hereby make application for a permit to appropriate the
following described public waters of the State of Oregon, subject to existing rights:

If the applicant is a corporation, give date and place of incorporation

1. The source of the proposed appropriation is Trout Creek (Name of stream)
tributary of Alvord Lake

2. The amount of water which the applicant intends to apply to beneficial use is
.5 cubic feet per second.

3. The use to which the water is to be applied is irrigation
(Irrigation, power, mining, manufacturing, domestic supplies, etc.)

4. The point of diversion is located at a point near the center of the south
(Give distance and bearing to section corner)
boundary line of the NE $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Section 28, Twp. 39, South, Range 36, E.
W. M., same being at the dam in the main channel of Trout Creek, regulating the
distribution of water through the south channel and canal of said system of
irrigation.

being within the NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Sec. 28, Tp. 39 South,
(Give smallest legal subdivision) (No. N. or S.)
R. 36 East, W. M., in the county of Harney
(No. E. or W.)

5. The described 40 acre tract, each to be about 1000 feet in length
(Main ditch, canal or pipe line)

miles in length, terminating in the NE $\frac{1}{4}$ NW $\frac{1}{4}$ of Sec. 32, Tp. 39 S.,
(Smallest legal subdivision) (No. N. or S.)
R. 36 East, W. M., the proposed location being shown throughout on the accompanying map.
(No. E. or W.)

6. The name of the ditch, canal or other works is Anderson ditches

DESCRIPTION OF WORKS

DIVERSION WORKS—

7. (a) Height of dam none feet, length on top _____ feet, length at bottom
_____ feet; material to be used and character of construction _____
(Loose rock, concrete, masonry,
rock and brush, timber crib, etc., wasteway over or around dam)

(b) Description of headgate Timber head-gate 4' wide, 6' long, 2' deep in main
(Timber, concrete, etc., number and size of openings)
canal or ditch with turnout on each side 1' x 8" and one foot below top of
ground

* A different form of application is provided where storage works are contemplated. These forms can be secured without charge, together with instructions, by addressing the State Engineer, Salem, Oregon.

CANAL SYSTEM—

8. (a) Give dimensions at each point of canal where materially changed in size, stating miles from headgate. At headgate: width on top (at water line) feet; width on bottom feet; depth of water feet; grade feet fall per one thousand feet.

(b) At miles from headgate: width on top (at water line) feet; width on bottom feet; depth of water feet; grade feet fall per one thousand feet.

FILL IN THE FOLLOWING INFORMATION WHERE THE WATER IS USED FOR IRRIGATION—

9. The land to be irrigated has a total area of forty acres, located in each smallest legal subdivision, as follows: all in NW 1/4 of NW 1/4 of Sec. 32, Tp. 39 South, Range 36 East W. M., owned by claimant and which is crossed with main south channel of canal from Trout Creek extending diagonally in a south-west direction; The discharge through this south canal is regulated by dam and diversion station in Sec. 29, same town and range, and furnishes water for the irrigation of lands of Lloyd Hill, W. O. Billings and Mortgage Company For America lying below claimant's land.

(If more space required, attach separate sheet)

POWER, MINING, MANUFACTURING, OR TRANSPORTATION PURPOSES—No power rights.

10. (a) Total amount of power to be developed theoretical horsepower.

(b) Total fall to be utilized feet. (Head)

(c) The nature of the works by means of which the power is to be developed

(d) Such works to be located in of Sec., Tp., R., W. M. (Legal subdivision)

(e) Is water to be returned to any stream? (Yes or No)

(f) If so, name stream and locate point of return Sec., Tp., R., W. M. (No. N. or S.) (No. E. or W.)

(g) The use to which power is to be applied is

(h) The nature of the mines to be served

MUNICIPAL SUPPLY—

11. To supply the city of No municipal supply
County, having a present population of
(Name of)
and an estimated population of in 192

(Answer questions 12, 13, 14, and 15 in all cases)

- 12. Estimated cost of proposed works, \$ 50.00
13. Construction work will begin on or before March 1st, 1931
14. Construction work will be completed on or before May 1st, 1931
15. The water will be completely applied to the proposed use on or before April 1st, 1931

Duplicate maps of the proposed ditch or other works, prepared in accordance with the rules of the State Engineer, accompany this application.

Oscar Anderson
(Name of applicant)

Signed in the presence of us as witnesses:

- (1) C. B. McConnell, Burns, Oregon
(Name) (Address of witness)
(2) (Name) (Address of witness)

Remarks: This application is for the surplus flood waters not required for use in Spring on the lands on Trout Creek having a decreed water right. The main south diversion from Trout Creek crosses claimant's lands and water can be readily diverted from same without materially retarding the flow to the lands below. There is no storage on Trout Creek and in all seasons of normal discharge of the stream there is a period each spring when there is more water in the stream system than is necessary or required for the lands under irrigation at present time.

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for correction or completion, as follows:

Correction

In order to retain its priority, this application must be returned to the State Engineer, with corrections, on or before January 17th, 1931, 192

WITNESS my hand this 17th day of December, 1930, 192

CHAS. E. STRICKLIN
STATE ENGINEER.

Application No. 13859

Permit No. 9992

PERMIT TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF OREGON

District No.

This instrument was first received in the office of the State Engineer at Salem, Oregon, on the 6th day of December, 1923, at 8:00 o'clock A.M.

STATE OF OREGON, } ss. County of Marion, }

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions: If for irrigation, this appropriation shall be limited to one-eightieth of one cubic foot per second, or its equivalent, for each acre irrigated, and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The right herein granted is limited to the appropriation of water from Trout Creek, a tributary of Alvord Lake, for irrigation of 40 acres.

The amount of water appropriated shall be limited to the amount which can be applied to beneficial use and not to exceed .5 cubic feet per second, or its equivalent in case of rotation. The priority date of this permit is December 6, 1930

Actual construction work shall begin on or before February 19, 1932 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1933

Complete application of the water to the proposed use shall be made on or before October 1, 1934

WITNESS my hand this 19th day of February, 1931

CHAS. E. STRICKLIN STATE ENGINEER

Permits for power development are subject to the limitation of franchise as provided in Section 5728, Oregon Laws, and the payment of annual fees as provided in Section 5803, Oregon Laws.
